DECLARATION OF INDEPENDENCE.

IN CONGRESS,

JULY 4, 1776.

THE UNANIMOUS DECLARATION

OF THE

Thirteen United States of America.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed, by their Creator, with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed, that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute new government, laying its foundation on such principles, and organizing its powers in such form as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate, that governments long established, should not be changed for light and transient causes; and accordingly all experience hath shown,

that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security. Such has been the patient sufferance of these Colonies, and such is now the necessity which constrains them to alter their former systems of government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute tyranny over these States. To prove this, let facts be submitted to a candid world.

He has refused his assent to laws, the most wholesome and necessary for the public good.

He has forbidden his Governors to pass laws of immediate and pressing importance, unless suspended in their operation till his assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other laws for the accommodation of large districts of people, unless those people would relinquish the right of representation in the Legislature, a right inestimable to them, and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved representative houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused, for a long time, after such dissolutions, to cause others to be elected; whereby the legislative powers, incapable of annihilation, have returned to the people at

large for their exercise; the State remaining, in the meantime, exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the laws for naturalization of foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new appropriations of lands.

He has obstructed the administration of justice by refusing his assent to laws for establishing judiciary powers.

He has made judges dependent on his will alone, for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of new offices, and sent hither swarms of officers to harrass our people, and eat out their substance.

He has kept among us, in times of peace, standing armies, without the consent of our Legislatures.

He has affected to render the military independent of and superior to the civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his assent to their acts of pretended legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock trial, from punishment for any murders which they should commit on the inhabitants of these States:

For cutting off our trade with all parts of the world:

For imposing taxes on us without our consent:

For depriving us, in many cases, of the benefits of trial by jury:

For transporting us beyond seas to be tried for pretended offenses:

For abolishing the free system of English laws in a

neighboring province, establishing therein an arbitrary government, and enlarging its boundaries, so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies:

For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our governments:

For suspending our own Legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated government here, by declaring us out of his protection, and waging war against us.

He has plundered our seas, ravaged our coasts, burnt our towns, and destroyed the lives of our people.

He is, at this time, transporting large armies of foreign mercenaries to complete the works of death, desolation, and tyranny, already begun, with circumstances of cruelty and perfidy, scarcely paralleled in the most barbarous ages, and totally unworthy the head of a civilized nation.

He has constrained our fellow-citizens, taken captive on the high seas, to bear arms against their country, to become the executioners of their friends and brethren, or to fall themselves by their hands.

He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes, and conditions.

In every stage of these oppressions we have petitioned for redress in the most humble terms: our repeated petitions have been answered only by repeated injury. A prince whose character is thus marked by every act which may define a tyrant, is unfit to be the ruler of a free people.

Nor have we been wanting in attentions to our British brethren. We have warned them, from time to time, of

attempts by their Legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity which denounces our separation, and hold them, as we hold the rest of mankind, enemies in war, in peace friends.

We, therefore, the Representatives of the United States of America, in General Congress assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the name, and by authority of the good people of these Colonies, solemnly publish and declare, That these United Colonies are, and of right ought to be, *free and independent States*; that they are absolved from all allegiance to the British crown, and that all political connection between them and the State of Great Britain, is, and ought to be, totally dissolved; and that as *free and independent States*, they have full power to levy war, conclude peace, contract alliances, establish commerce, and to do all other acts and things which *independent States* may of right do. And for the support of this declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes, and our sacred honour.

WE, the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America.

ARTICLE I.

SECTION 1.

1. All legislative powers herein granted, shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.

SECTION 2.

1. The House of Representatives shall be composed of members chosen every second year by the people of the several States, and the electors in each State shall have the qualifications requisite for electors of the most numerous branch of the State Legislature.

2. No person shall be a Representative who shall not have attained to the age of twenty-five years, and been seven years a citizen of the United States, and who shall not, when elected, be an inhabitant of that State in which he shall be chosen.

3. Representatives and direct taxes shall be apportioned among the several States which may be included within this Union, according to their respective numbers, which shall be determined by adding to the whole number of free persons, including those bound to service for a term of years, and excluding Indians not taxed, three-fifths of all other persons. The actual enumeration shall be made within three years after the first meeting of the Congress of the United States, and within every subsequent term of ten years, in such manner as they shall by law direct.

The number of Representatives shall not exceed one for every thirty thousand, but each State shall have at least one Representative; and until such enumeration shall be made, the State of New Hampshire shall be entitled to choose three; Massachusetts, eight; Rhode Island and Providence Plantations, one; Connecticut, five; New York, six; New Jersey, four; Pennsylvania, eight; Delaware, one; Maryland, six; Virginia, ten; North Carolina, five; South Carolina, five; and Georgia, three.

4. When vacancies happen in the representation from any State, the executive authority thereof shall issue writs of election to fill such vacancies.

5. The House of Representatives shall choose their Speaker and other officers, and shall have the sole power of impeachment.

SECTION 3.

1. The Senate of the United States shall be composed of two Senators from each State, chosen by the Legislature thereof for six years; and each Senator shall have one vote.

2. Immediately after they shall be assembled in consequence of the first election, they shall be divided, as equally as may be, into three classes. The seats of the Senators of the first class shall be vacated at the expiration of the second year, of the second class at the expiration of the fourth year, and of the third class at the expiration of the sixth year, so that one-third may be chosen every second year; and if vacancies happen by resignation, or otherwise, during the recess of the Legislature of any State, the Executive thereof may make temporary appointments until the next meeting of the Legislature, which shall then fill such vacancies.

3. No person shall be a Senator who shall not have attained to the age of thirty years, and been nine years a citizen of the United States, and who shall not, when elected, be an inhabitant of that State for which he shall be chosen.

4. The Vice-President of the United States shall be President of the Senate, but shall have no vote, unless they be equally divided.

5. The Senate shall choose their other officers, and also a President *pro tempore*, in the absence of the Vice-President, or when he shall exercise the office of President of the United States.

6. The Senate shall have the sole power to try all impeachments. When sitting for that purpose, they shall be on oath or affirmation. When the President of the United States is tried, the Chief Justice shall preside. And no person shall be convicted without the concurrence of two-thirds of the members present.

7. Judgment in cases of impeachment shall not extend further than to removal from office, and disqualification to hold and enjoy any office of honor, trust or profit under the United States; but the party convicted shall, nevertheless, be liable and subject to indictment, trial, judgment and punishment, according to law.

SECTION 4.

1. The times, places and manner of holding elections for Senators and Representatives, shall be prescribed in each State by the Legislature thereof; but the Congress may at any time, by law, make or alter such regulations, except as to the places of choosing Senators.

2. The Congress shall assemble at least once in every year, and such meeting shall be on the first Monday in December, unless they shall by law appoint a different day.

SECTION 5.

1. Each house shall be the judge of the elections, returns and qualifications of its own members; and a majority of each shall constitute a quorum to do business; but a smaller number may adjourn from day to day, and

may be authorized to compel the attendance of absent members, in such manner, and under such penalties as each house may provide.

2. Each house may determine the rules of its proceedings, punish its members for disorderly behavior, and with the concurrence of two-thirds, expel a member.

3. Each house shall keep a journal of its proceedings, and from time to time publish the same, excepting such parts as may, in their judgment, require secrecy; and the yeas and nays of the members of either house, on any question, shall, at the desire of one-fifth of those present, be entered on the journal.

4. Neither house, during the session of Congress, shall, without the consent of the other, adjourn for more than three days, nor to any other place than that in which the two houses shall be sitting.

SECTION 6.

1. The Senators and Representatives shall receive a compensation for their services, to be ascertained by law, and paid out of the treasury of the United States. They shall, in all cases, except treason, felony, and breach of the peace, be privileged from arrest during their attendance at the session of their respective houses, and in going to and returning from the same; and for any speech or debate in either house, they shall not be questioned in any other place.

2. No Senator or Representative shall, during the time for which he was elected, be appointed to any civil office under the authority of the United States, which shall have been created, or the emoluments whereof shall have been increased during such time; and no person holding any office under the United States, shall be a member of either house during his continuance in office.

SECTION 7.

1. All bills for raising revenue shall originate in the House of Representatives; but the Senate may propose or concur with amendments as on other bills.

2. Every bill which shall have passed the House of Representatives and the Senate, shall, before it become a law, be presented to the President of the United States; if he approve, he shall sign it; but if not, he shall return it, with his objections, to that house in which it shall have originated, who shall enter the objections at large on their journal, and proceed to reconsider it. If after such reconsideration, two-thirds of that house shall agree to pass the bill, it shall be sent, together with the objections, to the other house, by which it shall likewise be reconsidered; and if approved by two-thirds of that house, it shall become a law. But in all such cases, the votes of both houses shall be determined by yeas and nays, and the names of the persons voting for and against the bill, shall be entered on the journal of each house respectively. If any bill shall not be returned by the President within ten days (Sundays excepted) after it shall have been presented to him, the same shall be a law, in like manner as if he had signed it, unless the Congress by their adjournment, prevent its return, in which case it shall not be a law.

3. Every order, resolution or vote, to which the concurrence of the Senate and House of Representatives may be necessary (except on a question of adjournment), shall be presented to the President of the United States; and before the same shall take effect, shall be approved by him, or being disapproved by him, shall be repassed by two-thirds of the Senate and House of Representatives, according to the rules and limitations prescribed in the case of a bill.

SECTION 8.

The Congress shall have power:

1. To lay and collect taxes, duties, imposts and excises; to pay the debts and provide for the common defense and general welfare of the United States; but all duties, imposts and excises shall be uniform throughout the United States:

2. To borrow money on the credit of the United States:

3. To regulate commerce with foreign nations, and among the several States, and with the Indian tribes:

4. To establish an uniform rule of naturalization, and uniform laws on the subject of bankruptcies throughout the United States:

5. To coin money, regulate the value thereof, and of foreign coin, and fix the standard of weights and measures:

6. To provide for the punishment of counterfeiting the securities and current coin of the United States:

7. To establish post-offices and post-roads:

8. To promote the progress of science and useful arts, by securing for limited times, to authors and inventors, the exclusive right to their respective writings and discoveries:

9. To constitute tribunals inferior to the Supreme Court; To define and punish piracies and felonies committed on the high seas, and offenses against the law of nations:

10. To declare war, grant letters of marque and reprisal, and make rules concerning captures on land and water:

11. To raise and support armies; but no appropriation of money to that use shall be for a longer term than two years:

12. To provide and maintain a navy:

13. To make rules for the government and regulation of the land and naval forces:

14. To provide for calling forth the militia to execute the laws of the Union, suppress insurrections and repel invasions:

15. To provide for organizing, arming and disciplining the militia, and for governing such part of them as may be employed in the service of the United States; reserving

to the States respectively, the appointment of the officers, and the authority of training the militia according to the discipline prescribed by Congress:

16. To exercise exclusive legislation in all cases whatsoever, over such District (not exceeding ten miles square) as may, by cession of particular States, and the acceptance of Congress, become the seat of the government of the United States; and to exercise like authority over all places purchased, by the consent of the Legislature of the State in which the same shall be, for the erection of forts, magazines, arsenals, dockyards, and other needful buildings: and,

17. To make all laws which shall be necessary and proper for carrying into execution the foregoing powers, and all other powers vested by this Constitution in the government of the United States, or in any department or officer thereof.

SECTION 9.

1. The migration or importation of such persons as any of the States now existing shall think proper to admit, shall not be prohibited by the Congress prior to the year one thousand eight hundred and eight; but a tax or duty may be imposed on such importation, not exceeding ten dollars for each person.

2. The privilege of the writ of *habeas corpus* shall not be suspended, unless, when in cases of rebellion or invasion, the public safety may require it.

3. No bill of attainder or *ex post facto* law shall be passed.

4. No capitation or other direct tax shall be laid, unless in proportion to the census or enumeration hereinbefore directed to be taken.

5. No tax or duty shall be laid on articles exported from any State. No preference shall be given by any regulation of commerce or revenue to the ports of one State over those of another; nor shall vessels bound to or from one State, be obliged to enter, clear, or pay duties in another.

6. No money shall be drawn from the treasury, but in consequence of appropriations made by law; and a regular statement and account of the receipts and expenditures of all public money, shall be published from time to time.

7. No title of nobility shall be granted by the United States; and no person holding any office of profit or trust under them, shall, without the consent of the Congress, accept of any present, emolument, office, or title of any kind whatever, from any king, prince or foreign State.

SECTION 10.

1. The Constitution.

WE, THE PEOPLE of the State of New York, grateful to Almighty God for our Freedom, in order to secure its blessings, DO ESTABLISH THIS CONSTITUTION.

ARTICLE I.

SECTION 1. No member of this State shall be disfranchised, or deprived of any of the rights or privileges secured to any citizen thereof, unless by the law of the land, or the judgment of his peers.

SEC. 2. The trial by jury in all cases in which it has been heretofore used, shall remain inviolate forever; but a jury trial may be waived by the parties in all civil cases in the manner to be prescribed by law.

SEC. 3. The free exercise and enjoyment of religious profession and worship, without discrimination or preference, shall forever be allowed in this State to all mankind; and no person shall be rendered incompetent to be a witness on account of his opinions on matters of religious belief; but the liberty of conscience hereby secured shall not be so construed as to excuse acts of licentiousness, or justify practices inconsistent with the peace or safety of this State.

SEC. 4. The privilege of the writ of *habeas corpus* shall not be suspended, unless when, in cases of rebellion or invasion, the public safety may require its suspension.

SEC. 5. Excessive bail shall not be required nor excessive fines imposed, nor shall cruel and unusual punishments be inflicted, nor shall witnesses be unreasonably detained.

SEC. 6. No person shall be held to answer for a capital or otherwise infamous crime (except in cases of impeachment, and in cases of militia when in actual service; and the land and naval forces in time of war, or which this State may keep with the consent of Congress in time of peace; and in cases of petit larceny, under the regulation of the Legislature), unless on presentment or indictment of a grand jury, and in any trial in any court whatever the party accused shall be allowed to appear and defend in person and with counsel as in civil actions. No person shall be subject to be twice put in jeopardy for the same offense; nor shall he be compelled in any criminal case to be a witness against himself; nor be deprived of life, liberty or property without due process of law; nor shall private property be taken for public use, without just compensation.

SEC. 7. When private property shall be taken for any public use, the compensation to be made therefor, when such compensation is not made by the State, shall be ascertained by a jury or by not less than three commissioners appointed by a court of record, as shall be prescribed by law. Private roads may be opened in the manner to be prescribed by law; but in every case the necessity of the road and the amount of all damage to be sustained by the opening thereof shall be first determined by a jury of freeholders, and such amount, together with the expenses of the proceeding, shall be paid by the person to be benefited.

SEC. 8. Every citizen may freely speak, write and publish his sentiments on all subjects, being responsible for the abuse of that right; and no law shall be passed to restrain or abridge the liberty of speech or of the press. In all criminal prosecutions or indictments for libels, the truth may be given in evidence to the jury; and if it shall appear to the jury, that the matter charged as libelous is

true, and was published with good motives, and for justifiable ends, the party shall be acquitted; and the jury shall have the right to determine the law and the fact.

SEC. 9. The assent of two-thirds of the members elected to each branch of the Legislature shall be requisite to every bill appropriating the public moneys or property for local or private purposes.

SEC. 10. No law shall be passed abridging the right of the people peaceably to assemble and to petition the government, or any department thereof, nor shall any divorce be granted, otherwise than by due judicial proceedings; nor shall any lottery hereafter be authorized or any sale of lottery tickets allowed within this State.

SEC. 11. The people of this State, in their right of sovereignty, are deemed to possess the original and ultimate property in and to all lands within the jurisdiction of the State; and all lands the title to which shall fail, from a defect of heirs, shall revert, or escheat to the people.

SEC. 12. All feudal tenures of every description, with all their incidents, are declared to be abolished, saving, however, all rents and services certain which at any time heretofore have been lawfully created or reserved.

SEC. 13. All lands within this State are declared to be allodial, so that, subject only to the liability to escheat, the entire and absolute property is vested in the owners, according to the nature of their respective estates.

SEC. 14. No lease or grant of agricultural land, for a longer period than twelve years, hereafter made, in which shall be reserved any rent or service of any kind, shall be valid.

SEC. 15. All fines, quarter sales, or other like restraints upon alienation reserved in any grant of land, hereafter to be made, shall be void.

SEC. 16. No purchase or contract for the sale of lands in this State made since the fourteenth day of October, one

thousand seven hundred and seventy-five ; or which may hereafter be made, of, or with the Indians, shall be valid, unless made under the authority, and with the consent of the Legislature.

SEC. 17. Such parts of the common law, and of the acts of the Legislature of the Colony of New York, as together did form the law of the said Colony, on the nineteenth day of April, one thousand seven hundred and seventy-five, and the resolutions of the Congress of the said Colony, and of the convention of the State of New York, in force on the twentieth day of April, one thousand seven hundred and seventy-seven, which have not since expired, or been repealed or altered ; and such acts of the Legislature of this State as are now in force, shall be and continue the law of this State, subject to such alterations as the Legislature shall make concerning the same. But all such parts of the common law, and such of the said acts, or parts thereof, as are repugnant to this Constitution, are hereby abrogated; and the Legislature, at its first session after the adoption of this Constitution, shall appoint three commissioners, whose duty it shall be to reduce into a written and systematic code the whole body of the law of this State, or so much and such parts thereof as to the said commissioners shall seem practicable and expedient. And the said commissioners shall specify such alterations and amendments therein as they shall deem proper, and they shall at all times make reports of their proceedings to the Legislature, when called upon to do so; and the Legislature shall pass laws regulating the tenure of office, the filling of vacancies therein, and the compensation of the said commissioners, and shall also provide for the publication of the said code, prior to its being presented to the Legislature for adoption.

SEC. 18. All grants of land within the State, made by the King of Great Britain, or persons acting under his

authority, after the fourteenth day of October, one thousand seven hundred and seventy-five, shall be null and void; but nothing contained in this Constitution shall affect any grants of land within this State, made by the authority of the said King or his predecessors, or shall annul any charters to bodies politic and corporate, by him or them made, before that day; or shall affect any such grants or charters since made by this State, or by persons acting under its authority; or shall impair the obligation of any debts contracted by the State, or individuals, or bodies corporate, or any other rights of property, or any suits, actions, rights of action, or other proceedings in courts of justice.

But the Legislature may abolish the said county of Hamilton, and annex the territory thereof to some other county or counties. Nothing in this section shall prevent division at any time of counties and towns, and the erection of new towns and counties by the Legislature.

* SEC. 6. Each member of the Legislature shall receive for his services an annual salary of one thousand five hundred dollars. The members of either house shall also receive the sum of one dollar for every ten miles they shall travel, in going to and returning from their place of meeting, once in each session, on the most usual route. The Legislature shall pass general laws providing for the cases enumerated in this section, and for all other cases which in its judgment may be provided for by general laws. SEC. 19. The Legislature shall neither audit nor allow any private claim or account against the State, but may appropriate money to pay such claims as shall have been audited and allowed according to law.

SEC. 20. Every law which imposes, continues or revives a tax shall distinctly state the tax and the object to which it is to be applied, and it shall not be sufficient to refer to any other law to fix such tax or object.

SEC. 21. On the final passage, in either house of the Legislature, of any act which imposes, continues or revives a tax, or creates a debt or charge, or makes, continues or revives any appropriation of public or trust money or property, or releases, discharges or commutes any claim or demand of the State, the question shall be taken by yeas and nays, which shall be duly entered upon the journals, and three-fifths of all the members elected to either house shall, in all such cases, be necessary to constitute a quorum therein.

SEC. 22. There shall be in the several counties, except in cities whose boundaries are the same as those of the county, a board of supervisors, to be composed of such members, and elected in such manner, and for such period, as is or may be provided by law. In any such city the duties and powers of a board of supervisors may be devolved upon the common council or board of aldermen thereof.

SEC. 23. The Legislature shall, by general laws, confer upon the boards of supervisors of the several counties of the State such further powers of local legislation and administration as the Legislature may from time to time deem expedient.

SEC. 24. The Legislature shall not, nor shall the common council of any city, nor any board of supervisors, grant any extra compensation to any public officer, servant, agent or contractor.

SEC. 25. Sections seventeen and eighteen of this article shall not apply to any bill, or the amendments to any bill, which shall be reported to the Legislature by commissioners who have been appointed pursuant to law to revise the statutes.

ARTICLE IV.

*SECTION 1. The executive power shall be vested in a Governor, who shall hold his office for three years; a Lieutenant-Governor shall be chosen at the same time, and for the same term. The Governor and Lieutenant-Governor elected next preceding the time when this section shall take effect shall hold office during the term for which they were elected.

*SEC. 2. No person shall be eligible to the office of Governor or Lieutenant-Governor, except a citizen of the United States, of the age of not less than thirty years, and who shall have been five years, next preceding his election, a resident of this State.

SEC. 3. The Governor and Lieutenant-Governor shall be elected at the times and places of choosing members of the Assembly. The persons respectively having the highest number of votes for Governor and Lieutenant-Governor shall be elected; but in case two or more shall have an equal and the highest number of votes for Governor, or for Lieutenant-Governor, the two houses of the Legislature, at its next annual session, shall, forthwith, by joint ballot, choose one of the said persons so having an equal and the highest number of votes for Governor or Lieutenant-Governor.

*SEC. 4. The Governor shall be commander-in-chief of the military and naval forces of the State. He shall have power to convene the Legislature (or the Senate only) on extraordinary occasions. At extraordinary sessions no subject shall be acted upon, except such as the Governor may recommend for consideration. He shall communicate by message to the Legislature at every session

the condition of the State, and recommend such matters to them as he shall judge expedient. He shall transact all necessary business with the officers of government, civil and military. He shall expedite all such measures as may be resolved upon by the Legislature, and shall take care that the laws are faithfully executed. He shall receive for his services an annual salary of ten thousand dollars, and there shall be provided for his use a suitable and furnished executive residence.

SEC. 5. The Governor shall have the power to grant reprieves, commutations and pardons after conviction, for all offenses except treason and cases of impeachment, upon such conditions, and with such restrictions and limitations, as he may think proper, subject to such regulations as may be provided by law relative to the manner of applying for pardons. Upon conviction for treason, he shall have power to suspend the execution of the sentence, until the case shall be reported to the Legislature at its next meeting, when the Legislature shall either pardon, or commute the sentence, direct the execution of the sentence, or grant a further reprieve. He shall annually communicate to the Legislature each case of reprieve, commutation or pardon granted; stating the name of the convict, the crime of which he was convicted, the sentence and its date, and the date of the commutation, pardon or reprieve.

SEC. 6. In case of the impeachment of the Governor, or his removal from office, death, inability to discharge the powers and duties of the said office, resignation, or absence from the State, the powers and duties of the office shall devolve upon the Lieutenant-Governor for the residue of the term, or until the disability shall cease. But when the Governor shall, with the consent of the Legislature, be out of the State, in time of war, at the head of a military force thereof, he shall continue commander-in-chief of all the military force of the State.

SEC. 7. The Lieutenant-Governor shall possess the same qualifications of eligibility for office as the Governor. He shall be President of the Senate, but shall have only a casting vote therein. *If during a vacancy of the office of Governor, the Lieutenant-Governor shall be impeached, displaced, resign, die, or become incapable of performing the duties of his office, or be absent from the State, the President of the Senate shall act as Governor until the vacancy be filled, or the disability shall cease.

*SEC. 8. The Lieutenant-Governor shall receive for his services an annual salary of five thousand dollars, and shall not receive or be entitled to any other compensation, fee or perquisite for any duty or service he may be required to perform by the Constitution or by law.

*SEC. 9. Every bill which shall have passed the Senate and Assembly shall, before it becomes a law, be presented to the Governor; if he approve, he shall sign it; but if not, he shall return it with his objections to the house in which it shall have originated, which shall enter the objections at large on the journal, and proceed to reconsider it. If, after such reconsideration, two-thirds of the members elected to that house shall agree to pass the bill it shall be sent together with the objections to the other house by which it shall likewise be reconsidered; and if approved by two-thirds of the members elected to that house, it shall become a law notwithstanding the objections of the Governor. In all such cases, the votes in both houses shall be determined by yeas and nays, and the names of the members voting shall be entered on the journal of each house respectively. If any bill shall not be returned by the Governor within ten days (Sundays excepted) after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the Legislature shall,

by their adjournment, prevent its return, in which case it shall not become a law without the approval of the Governor. No bill shall become a law after the final adjournment of the Legislature, unless approved by the Governor within thirty days after such adjournment. If any bill presented to the Governor contain several items of appropriation of money, he may object to one or more of such items while approving of the other portion of the bill. In such case, he shall append to the bill, at the time of signing it, a statement of the items to which he objects; and the appropriation so objected to shall not take effect. If the Legislature be in session, he shall transmit to the house in which the bill originated a copy of such statement, and the items objected to shall be separately reconsidered. If, on reconsideration, one or more of such items be approved by two-thirds of the members elected to each house, the same shall be part of the law, notwithstanding the objections of the Governor. All the provisions of this section, in relation to bills not approved by the Governor, shall apply in cases in which he shall withhold his approval from any item or items contained in a bill appropriating money.

ARTICLE V.

SECTION 1. The Secretary of State, Comptroller, Treasurer and Attorney-General shall be chosen at a general election, and shall hold their offices for two years. Each of the officers in this article named (except the Speaker of the Assembly) shall, at stated times, during his continuance in office, receive for his services, a compensation, which shall not be increased or diminished during the term for which he shall have been elected; nor shall he receive, to his use, any fees or perquisites of office, or other compensation.

He shall be charged with the execution of all laws relating to the repair and navigation of the canals, and also of those relating to the construction and improvement of the canals, except so far as the execution of the laws relating to such construction or improvement shall be confided to the State Engineer and Surveyor; subject to the control of the Legislature, he shall make the rules and regulations for the navigation or use of the canals. He may be suspended or removed from office by the Governor, whenever, in his judgment, the public interest shall so require; but in case of the removal of such Superintendent of Public Works from office, the Governor shall file with the Secretary of State a statement of the cause of such removal, and shall report such removal, and the cause thereof, to the Legislature at its next session. The Superintendent of Public Works shall appoint not more than three assistant superintendents, whose duties shall be prescribed by him, subject to modification by the Legislature, and who shall receive for their services a compensation to be fixed by law. Any vacancy in the office of any such assistant superintendent shall be filled for the remainder of the term for which he was appointed, by the Superintendent of Public Works; but in case of the suspension or removal of any such assistant superintendent by him, he shall at once report to the Governor, in writing, the cause of such removal. All other persons employed in the care and management of the canals, except collectors of tolls, and those in the department of the State Engineer and Surveyor, shall be appointed by the Superintendent of Public Works, and be subject to suspension or removal by him. The office of Canal Commissioner is abolished from and after the appointment and qualification of the Superintendent of Public Works, until which time the Canal Commissioners shall continue to discharge their duties as now provided by law. The Superintendent of Public Works shall perform all the duties of the Canal Commissioners, and Board of Canal Commissioners, as now declared by law, until otherwise provided by the Legislature. The Governor, by and with the advice and consent of the Senate, shall have power to fill vacancies in the office of Superintendent of Public Works; if the Senate be not in session, he may grant commissions which shall expire at the end of the next succeeding session of the Senate.

SEC. 7. The Treasurer may be suspended from office by the Governor, during the recess of the Legislature, and until thirty days after the commencement of the next session of the Legislature, whenever it shall appear to him that such Treasurer has, in any particular, violated his duty.

The Governor shall appoint a competent person to discharge the duties of the office during such suspension of the Treasurer.

SEC. 8. All offices for the weighing, gauging, measuring, culling or inspecting any merchandise, produce, manufacture or commodity whatever, are hereby abolished, and no such office shall hereafter be created by law; but nothing in this section contained shall abrogate any office created for the purpose of protecting the public health or the interests of the State in its property, revenue, tolls, or purchases, or of supplying the people with correct standards of weights and measures, or shall prevent the creation of any office for such purposes hereafter.

SECTION 1. The Assembly shall have the power of impeachment, by a vote of the majority of all the members elected. The Court for the Trial of Impeachments shall be composed of the President of the Senate, the Senators, or a major part of them, and the Judges of the Court of Appeals, or the major part of them. On the trial of an impeachment against the Governor, the Lieutenant-Governor shall not act as a member of the court. No judicial officer shall exercise his office, after articles of impeachment against him shall have been preferred to the Senate, until he shall have

* Article 6 of the Constitution (except section 28) was framed by delegates elected April 23, 1867, under chapter 194, Laws of 1867, to a Constitutional Convention (convened pursuant to section 2 of article 13 of the Constitution, by vote of the people at the general election held November 6, 1866), which Convention met in the city of Albany June 4, 1867, and adjourned February 28, 1868.

Article 6 (except section 28) was submitted separately to the people, pursuant to chapter 318, Laws of 1869, at the general election held November 2, 1869, and declared ratified and adopted by the Board of State Canvassers, by certificate of determination, dated December 6, 1869, the official vote thereon, as declared, standing, "for the amended judiciary article," 247,240 votes, and "against the amended judiciary article," 240,442 votes.

been acquitted. Before the trial of an impeachment, the members of the court shall take an oath or affirmation, truly and impartially to try the impeachment, according to evidence; and no person shall be convicted without the concurrence of two-thirds of the members present. Judgment in cases of impeachment shall not extend further than to removal from office, or removal from office and disqualification to hold and enjoy any office of honor, trust, or profit, under this State; but the party impeached shall be liable to indictment and punishment according to law.

SEC. 2. There shall be a Court of Appeals, composed of a Chief Judge and six Associate Judges, who shall be chosen by the electors of the State, and shall hold their office for the term of fourteen years from and including the first day of January next after their election. At the first election of Judges, under this Constitution, every elector may vote for the Chief and only four of the Associate Judges. Any five members of the court shall form a quorum, and the concurrence of four shall be necessary to a decision. The court shall have the appointment, with the power of removal, of its reporter and clerk, and of such attendants as may be necessary.

SEC. 3. When a vacancy shall occur, otherwise than by expiration of term, in the office of Chief or Associate Judge of the Court of Appeals, the same shall be filled, for a full term, at the next general election happening not less than three months after such vacancy occurs; and until the vacancy shall be so filled, the Governor by and with the advice and consent of the Senate, if the Senate shall be in session, or if not, the Governor alone, may appoint to fill such vacancy. If any such appointment of Chief Judge shall be made from among the Associate Judges, a temporary appointment of Associate Judge shall be made in like manner; but in such case, the person appointed Chief Judge

shall not be deemed to vacate his office of Associate Judge any longer than until the expiration of his appointment as Chief Judge. The powers and jurisdiction of the court shall not be suspended for want of appointment or election, when the number of Judges is sufficient to constitute a quorum. All appointments under this section shall continue until and including the last day of December next after the election at which the vacancy shall be filled.

SEC. 4. Upon the organization of the Court of Appeals, under this article, the causes then pending in the present Court of Appeals shall become vested in the Court of Appeals hereby established. Such of said causes as are pending on the first day of January, eighteen hundred and sixty-nine, shall be heard and determined by a Commission, to be composed of five Commissioners of Appeals, four of whom shall be necessary to constitute a quorum; but the Court of Appeals hereby established may order any of said causes to be heard therein. Such Commission shall be composed of the Judges of the present Court of Appeals, elected or appointed thereto, and a fifth Commissioner who shall be appointed by the Governor, by and with the advice and consent of the Senate; or, if the Senate be not in session, by the Governor; but in such case, the appointment shall expire at the end of the next session.

SEC. 5. If any vacancy shall occur in the office of the said Commissioners, it shall be filled by appointment by the Governor by and with the advice and consent of the Senate; or if the Senate is not in session, by the Governor; but in such case, the appointment shall expire at the end of the next session. The Commissioners shall appoint, from their number, a Chief Commissioner; and may appoint and remove such attendants as may be necessary. The reporter of the Court of Appeals shall be the reporter of said Commission. The decisions of the Commission

shall be certified to, and entered and enforced, as the judgments of the Court of Appeals. The Commission shall continue until the causes committed to it are determined, but not exceeding three years; and all causes then undetermined shall be heard by the Court of Appeals.

* SEC. 6. There shall be the existing Supreme Court, with general jurisdiction in law and equity, subject to such appellate jurisdiction of the Court of Appeals as now is or may be prescribed by law; and it shall be composed of the Justices now in office, with one additional Justice, to be elected as hereinafter provided, who shall be continued during their respective terms, and of their successors. The existing judicial districts of the State are continued until changed pursuant to this section.† Five of the Justices shall reside in the district in which is the city of New York, and five in the second judicial district and four in each of the other districts.‡ The Legislature may alter the districts, without increasing the number, once after every enumeration, under this Constitution, of the inhabitants of the State. § Whenever, and as often as there shall be such an accumulation of causes on the Calendar of the Court of Appeals that the public interests require a more speedy disposition thereof, the said Court may certify such fact to the Governor, who shall thereupon designate seven Justices of the Supreme Court to act as Associate Judges, for the time being, of the Court of Appeals, and to form a Second Division of said Court, and who shall act as such until all the causes upon the said Calendar at the time of the making of such certificate are determined, or the Judges

of said Court, elected as such, shall certify to the Governor that said causes are substantially disposed of, and on receiving such certificate, the Governor may declare said second division dissolved and the designation of Justices to serve thereon shall thereupon expire. The second division of said Court hereby authorized to be constituted, shall be competent to determine any causes on said Calendar which may be assigned to such division by the Court composed of Judges elected to serve in the Court of Appeals, and that Court may at any time before judgment direct any of the causes so assigned to be restored to its Calendar for hearing and decision. The rules of practice in both divisions shall be the same. Five members of the Court shall be sufficient to form a quorum for said second division and the concurrence of four shall be necessary to a decision. The judges composing said second division shall appoint from their number a Chief Judge of such division, and the Governor may from time to time, when in his judgment the public interests may require, change the designation of any Justice of the Supreme Court to serve in such division, and may fill any vacancy occurring therein, by designating any Justice of the Supreme Court to fill such vacancy. Said second division may appoint and remove a crier and such attendants as may be necessary. The Judges composing said second division shall not during the time of their service therein exercise any of the functions of Justices of the Supreme Court, nor receive any salary or compensation as such Justices, but in lieu thereof shall during such term of service receive the same compensation as the Associate Judges of the Court of Appeals. They shall have power to appoint the times and places, of their sessions, within this State, and the Clerk and Reporter of the Court of Appeals shall be Clerk and Reporter of said second division.

SEC. 7. At the first session of the Legislature, after the adoption of this Article, and from time to time thereafter as may be necessary, but not oftener than once in five years, provisions shall be made for organizing, in the Supreme

Court, not more than four General Terms thereof, each to be composed of a Presiding Justice, and not more than three other Justices, who shall be designated, according to law, from the whole number of Justices. Each Presiding Justice shall continue to act as such during his term of office. Provision shall be made by law for holding the General Terms in each judicial district. Any Justice of the Supreme Court may hold Special Terms and Circuits Courts, and may preside in Courts of Oyer and Terminer, in any county.

SEC. 8. No Judge or Justice shall sit, at a General Term of any court, or in the Court of Appeals, in review of a decision made by him, or by any court of which he was at the time a sitting member. The testimony in equity cases shall be taken in like manner as in cases at law; and except as herein otherwise provided, the Legislature shall have the same power to alter and regulate the jurisdiction and proceedings in law and equity that they have heretofore exercised.

SEC. 9 When a vacancy shall occur, otherwise than by expiration of term, in the office of Justice of the Supreme Court, the same shall be filled, for a full term, at the next general election happening not less than three months after such vacancy occurs; and until any vacancy shall be so filled, the Governor by and with the advice and consent of the Senate, if the Senate shall be in session, or if not in session, the Governor may appoint to fill such vacancy. Any such appointment shall continue until and including the last day of December next after the election at which the vacancy shall be filled.

SEC. 10. The Judges of the Court of Appeals, and the Justices of the Supreme Court, shall not hold any other office or public trust. All votes for any of them, for any other than a judicial office, given by the Legislature or the people, shall be void.

SEC. 11. Judges of the Court of Appeals, and Justices of the Supreme Court, may be removed by concurrent resolution of both houses of the Legislature, if two-thirds of all

the members elected to each house concur therein. All judicial officers, except those mentioned in this section, and except Justices of the Peace and Judges and Justices of inferior courts not of record, may be removed by the Senate, on the recommendation of the Governor, if two-thirds of all the members elected to the Senate concur therein. But no removal shall be made, by virtue of this section, unless the cause thereof be entered on the journals, nor unless the party complained of shall have been served with a copy of the charges against him, and shall have had an opportunity of being heard. On the question of removal, the yeas and nays shall be entered on the journal.

* SEC. 12. The Superior Court in † the city of New York, the Court of Common Pleas for † the city and county of New York, the Superior Court of Buffalo, and the City Court of Brooklyn, are continued with the powers and jurisdiction they now severally have, and such further civil and criminal jurisdiction as may be conferred by law. The Superior Court of † New York shall be composed of the six Judges in office at the adoption of this Article, and their successors. The Court of Common Pleas of † New York, of the three Judges then in office, and their successors, and three additional Judges. The Superior Court of Buffalo, of the Judges now in office, and their successors; and the City Court of Brooklyn, of such number of Judges, not exceeding three, as may be provided by law. The Judges of said courts, in office at the adoption of this Article, are continued until the expiration of their terms. A Chief Judge shall be appointed by the Judges of each of said courts, from their own number, who shall act as such during his official term. Vacancies in the office of the Judges named in this section, occurring otherwise than by expiration of term, shall be filled in the same manner as vacancies in the Supreme Court. The Legislature may provide for detail-

* SEC. 13. Justices of the Supreme Court shall be chosen by the electors of their respective judicial districts. Judges of all courts mentioned in the last preceding section shall be chosen by the electors of the cities respectively in which said courts are instituted. The official terms of the said Justices and Judges who shall be elected after the adoption of this article, shall be fourteen years from and including the first day of January next after their election. But no person shall hold the office of Justice or Judge of any court longer than until and including the last day of December next, after he shall be seventy years of age. The compensation of every Judge of the Court of Appeals and of every Justice of the Supreme Court, whose term of office shall be abridged pursuant to this provision, and who shall have served as such Judge or Justice ten years or more, shall be continued during the remainder of the term for which he was elected.

SEC. 14. The Judges and Justices hereinbefore mentioned shall receive for their services a compensation to be established by law, which shall not be diminished during their official terms. Except the Judges of the Court of Appeals and the Justices of the Supreme Court, they shall be paid, and the expenses of their courts defrayed, by the cities or counties in which such courts are instituted, as shall be provided by law.

SEC. 15. The existing County Courts are continued, and the Judges thereof in office at the adoption of this article

shall hold their offices until the expiration of their respective terms. Their successors shall be chosen by the electors of the counties, for the term of six years. The County Court shall have the powers and jurisdiction they now possess, until altered by the Legislature. They shall also have original jurisdiction in all cases where the defendants reside in the county and in which the damages claimed shall not exceed one thousand dollars; and also such appellate jurisdiction as shall be provided by law, subject, however, to such provision as shall be made by law for the removal of causes into the Supreme Court. They shall also have such other original jurisdiction as shall, from time to time, be conferred upon them by the Legislature. The County Judge, with two Justices of the Peace, to be designated according to law, may hold Courts of Sessions, with such criminal jurisdiction as the Legislature shall prescribe, and he shall perform such other duties as may be required by law. His salary, and the salary of the Surrogate when elected as a separate officer, shall be established by law, payable out of the County Treasury, and shall not be diminished during his term of office. The Justices of the Peace shall be paid, for services in Courts of Sessions, a per diem allowance out of the County Treasury. The County Judge shall also be Surrogate of his county; but in counties having a population exceeding forty thousand, the Legislature may provide for the election of a separate officer to be Surrogate, whose term of office shall be the same as that of the County Judge. The County Judge of any county may preside at Courts of Sessions, or hold County Courts, in any other county, except New York and Kings, when requested by the Judge of such other county.

SEC. 16. The Legislature may, on application of the board of supervisors, provide for the election of local offi-

cers, not to exceed two in any county, to discharge the duties of County Judge and of Surrogate, in cases of their inability, or of a vacancy, and to exercise such other powers in special cases as may be provided by law.

SEC. 17. The Legislature shall provide for submitting to the electors of the State, at the general election in the year eighteen hundred and seventy-three, two questions, to be voted upon on separate ballots, as follows: First, "Shall the offices of Chief Judge and Associate Judge of the Court of Appeals, and of Justice of the Supreme Court, be hereafter filled by appointment?" * If a majority of the votes upon the question shall be in the affirmative, the said officers shall not thereafter be elective, but, as vacancies occur, they shall be filled by appointment by the Governor by and with the advice and consent of the Senate; or if the Senate be not in session, by the Governor; but in such case, he shall nominate to the Senate when next convened, and such appointment by the Governor alone shall expire at the end of that session. Second, "Shall the offices of the Judges mentioned in sections twelve and fifteen of article six of the Constitution, be hereafter filled by appointment?" * If a majority of the votes upon the question shall be in the affirmative, the said officers shall not thereafter be elective, but, as vacancies occur, they shall be filled in the manner in this section above provided.

SEC. 18. The electors of the several towns shall, at their annual town meeting, and in such manner as the Legislature may direct, elect Justices of the Peace, whose term of office shall be four years. In case of an election to fill a vacancy occurring before the expiration of a full term, they shall hold for the residue of the unexpired term. Their number and classification may be regulated by law. Jus-

Justices of the Peace and District Court Justices shall be elected in the different cities of this State, in such manner, and with such powers, and for such terms, respectively, as shall be prescribed by law; all other judicial officers in cities, whose election or appointment is not otherwise provided for in this article, shall be chosen by the electors of cities, or appointed by some local authorities thereof.

SEC. 19. Inferior local courts of civil and criminal jurisdiction may be established by the Legislature; and except as herein otherwise provided, all judicial officers shall be elected or appointed at such times, and in such manner, as the Legislature may direct.

SEC. 20. Clerks of the several counties shall be Clerks of the Supreme Court, with such powers and duties as shall be prescribed by law. The Clerk of the Court of Appeals shall keep his office at the seat of government. His compensation shall be fixed by law and paid out of the public treasury.

SEC. 21. No judicial officer, except Justices of the Peace, shall receive to his own use any fees or perquisites of office; nor shall any Judge of the Court of Appeals, Justice of the Supreme Court, or Judge of a court of record in the cities of New York, Brooklyn or Buffalo, practice as an attorney or counselor in any court of record in this State, or act as referee.

SEC. 22. The Legislature may authorize the judgments, decrees and decisions of any court of record of original civil jurisdiction, established in a city, to be removed for review, directly into the Court of Appeals.

SEC. 23. The Legislature shall provide for the speedy publication of all Statutes, and also for the appointment by the Justices of the Supreme Court designated to hold General Terms, of a reporter of the decisions of that court. All laws and judicial decisions shall be free for publication by any person.

SEC. 24. The first election of Judges of the Court of Appeals, and of the three additional Judges of the Court of Common Pleas for the city and county of New York shall take place on such day, between the first Tuesday of April and the second Tuesday in June next after the adoption of this article, as may be provided by law. The Court of Appeals, the Commissioners of Appeals, and the additional Judges of the said Court of Common Pleas, shall respectively enter upon their duties on the first Monday of July thereafter.

ARTICLE VII.

SECTION 1. After paying the expenses of collection, superintendence and ordinary repairs, there shall be appropriated and set apart in each fiscal year out of the revenues of the State canals, in each year, commencing on the first day of June, one thousand eight hundred and forty-six, the sum of one million and three hundred thousand dollars until the first day of June, one thousand eight hundred and fifty-five, and from that time the sum of one million and seven hundred thousand dollars in each fiscal year, as a sinking fund to pay the interest and redeem the principal of that part of the State debt called the canal debt, as it existed at the time first aforesaid, and including three hundred thousand dollars then to be borrowed, until the same shall

be wholly paid; and the principal and income of the said sinking fund shall be sacredly applied to that purpose.

SEC. 2. After complying with the provisions of the first section of this article, there shall be appropriated and set apart out of the surplus revenues of the State canals, in each fiscal year, commencing on the first day of June, one thousand eight hundred and forty-six, the sum of three hundred and fifty thousand dollars, until the time when a sufficient sum shall have been appropriated and set apart under the said first section, to pay the interest and extinguish the entire principal of the canal debt; and after that period then the sum of one million and five hundred thousand dollars in each fiscal year, as a sinking fund, to pay the interest and redeem the principal of that part of the State debt called the general fund debt, including the debt for loans of the State credit to railroad companies which have failed to pay the interest thereon, and also the contingent debt on State stocks loaned to incorporated companies which have hitherto paid the interest thereon, whenever and as far as any part thereof may become a charge on the Treasury or general fund, until the same shall be wholly paid; and the principal and income of the said last-mentioned sinking fund shall be sacredly applied to the purpose aforesaid, and if the payment of any part of the moneys to the said sinking fund shall at any time be deferred, by reason of the priority recognized in the first section of this article, the sum so deferred with quarterly interest thereon at the then current rate shall be paid to the last-mentioned sinking fund, as soon as it can be done consistently with the just rights of the creditors holding said canal debt.

* SEC. 3. The first and second sections of this article having been fully complied with, no tolls shall hereafter be imposed on persons or property transported on the canals, but all boats navigating the canals, and the owners and

masters thereof, shall be subject to such laws and regulations as have been or may hereafter be enacted concerning the navigation of the canals. The Legislature shall, annually, by equitable taxes, make provision for the expenses of the superintendence and repairs of the canals. The canal debt contracted under the section hereby amended, which on the first day of October, eighteen hundred and eighty, amounted to eight million nine hundred and eighty-two thousand two hundred dollars, shall continue to be known as the "canal debt, under article seven, section three of the Constitution;" and the sinking fund applicable to the payment thereof, together with the contributions to be made thereto, shall continue to be known as the "canal debt sinking fund," and the principal and interest of said debt shall be met as provided in the fifth section of this article. All contracts for work or materials on any canal shall be made with the person who shall offer to do or provide the same at the lowest price with adequate security for their performance. No extra compensation shall be made to any contractor; but if, from any unforeseen cause, the terms of any contract shall prove to be unjust and oppressive, the Canal Board may, upon the application of the contractor, cancel such contract.

SEC. 4. The claims of the State against any incorporated company to pay the interest and redeem the principal of the stock of the State loaned or advanced to such company, shall be fairly enforced, and not released or compromised; and the moneys arising from such claim shall be set apart and applied as part of the sinking fund provided in the second section of this article. But the time limited for the fulfillment of any condition of any release or compromise heretofore made or provided for may be extended by law.

* SEC. 5. There shall annually be imposed and levied a tax, which shall be sufficient to pay the interest and ex-

tinguish the principal of the canal debt mentioned in the third section of this article, as the same shall become due and payable, and the proceeds of such tax shall in each fiscal year be appropriated and set apart for the sinking fund constituted for the payment of the principal and the interest of the aforesaid debt. But the Legislature may, in its discretion, impose for the fiscal year beginning on the first day of October, eighteen hundred and eighty-three, a State tax on each dollar of the valuation of the property in this State which may by law then be subject to taxation, sufficient with the accumulations of the sinking fund applicable thereto, to pay in full both the principal and interest of the canal debt before mentioned, and the proceeds of such tax shall be appropriated and set apart for the sinking fund constituted for the payment of the principal and interest of said debt. In the event of such action by the Legislature, then the Legislature shall, under the law directing the assessment and levy of such tax, make such provision for the retirement of the canal debt as it shall deem equitable and just to the creditors of the State.

* SEC. 6. The Legislature shall not sell, lease or otherwise dispose of the Erie canal, the Oswego canal, the Champlain canal, the Cayuga and Seneca canal, or the Black River canal, but they shall remain the property of the State and under its management forever. All funds that may be derived from any lease, sale or other disposition of any canal shall be applied in payment of the canal debt mentioned in the third section of this article.

SEC. 7. The Legislature shall never sell or dispose of the Salt Springs belonging to this State. The lands contiguous thereto, and which may be necessary and convenient for the use of the Salt Springs, may be sold by authority of law and under the direction of the Commissioners of

the Land Office, for the purpose of investing the moneys arising therefrom in other lands alike convenient; but by such sale and purchase the aggregate quantity of these lands shall not be diminished.

SEC. 8. No moneys shall ever be paid out of the Treasury of this State, or any of its funds, or any of the funds under its management, except in pursuance of an appropriation by law; nor unless such payment be made within two years next after the passage of such appropriation act; and every such law making a new appropriation, or continuing or reviving an appropriation, shall distinctly specify the sum appropriated, and the object to which it is to be applied; and it shall not be sufficient for such law to refer to any other law to fix such sum.

SEC. 9. The credit of the State shall not, in any manner, be given or loaned to, or in aid of, any individual, association or corporation.

SEC. 10. The State may, to meet casual deficits or failures in revenues, or for expenses not provided for, contract debts, but such debts, direct and contingent, singly or in the aggregate, shall not at any time exceed one million of dollars; and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained, or to repay the debt so contracted, and to no other purpose whatever.

SEC. 11. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SEC. 12. Except the debts specified in the tenth and eleventh sections of this article, no debts shall be hereafter contracted by or on behalf of this State, unless such debt

shall be authorized by a law, for some single work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax to pay, and sufficient to pay, the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within eighteen years from the time of the contracting thereof. No such law shall take effect until it shall, at a general election, have been submitted to the people, and have received a majority of all the votes cast for and against it, at such election. On the final passage of such bill in either house of the Legislature, the question shall be taken by ayes and noes; to be duly entered on the journals thereof, and shall be: "Shall this bill pass, and ought the same to receive the sanction of the people?"

The Legislature may at any time, after the approval of such law by the people, if no debt shall have been contracted in pursuance thereof, repeal the same; and may at any time, by law, forbid the contracting of any further debt or liability under such law; but the tax imposed by such act, in proportion to the debt and liability which may have been contracted, in pursuance of such law, shall remain in force and be irrepealable, and be annually collected, until the proceeds thereof shall have made the provision hereinbefore specified to pay and discharge the interest and principal of such debt and liability. The money arising from any loan or stock creating such debt or liability shall be applied to the work or object specified in the act authorizing such debt or liability, or for the repayment of such debt or liability, and for no other purpose whatever. No such law shall be submitted to be voted on, within three months after its passage, or at any general election, when any other law, or any bill, or any amendment to the Constitution, shall be submitted to be voted for or against.

* SEC. 13. The sinking funds provided for the payment of interest and the extinguishment of the principal of the debts of the State shall be separately kept and safely invested, and neither of them shall be appropriated or used in any manner other than for the specific purpose for which it shall have been provided.

* SEC. 14. Neither the Legislature, Canal Board, Canal Appraisers, nor any person or persons acting in behalf of the State, shall audit, allow, or pay any claim which, as between citizens of the State, would be barred by lapse of time. The limitation of existing claims shall begin to run from the adoption of this section; but this provision shall not be construed to revive claims already barred by existing statutes, nor to repeal any statute fixing the time within which claims shall be presented or allowed, nor shall it extend to any claims duly presented within the time allowed by law, and prosecuted with due diligence from the time of such presentment. But if the claimant shall be under legal disability, the claim may be presented within two years after such disability is removed.

ARTICLE VIII.

SECTION 1. Corporations may be formed under general laws; but shall not be created by special act, except for municipal purposes, and in cases where, in the judgment of the Legislature, the objects of the corporation cannot be attained under general laws. All general laws and special acts passed pursuant to this section may be altered from time to time or repealed.

SEC. 2. Dues from corporations shall be secured by such individual liability of the corporators and other means as may be prescribed by law.

* As amended by vote of the people, November 3, 1874.

SEC. 3. The term corporations as used in this article shall be construed to include all associations and joint-stock companies having any of the powers or privileges of corporations not possessed by individuals or partnerships. And all corporations shall have the right to sue and shall be subject to be sued in all courts in like cases as natural persons.

* SEC. 4. The Legislature shall, by general law, conform all charters of savings banks, or institutions for savings, to a uniformity of powers, rights and liabilities, and all charters hereafter granted for such corporations shall be made to conform to such general law, and to such amendments as may be made thereto. And no such corporation shall have any capital stock, nor shall the trustees thereof, or any of them, have any interest whatever, direct or indirect, in the profits of such corporation; and no director or trustee of any such bank or institution shall be interested in any loan or use of any money or property of such bank or institution for savings. The Legislature shall have no power to pass any act granting any special charter for banking purposes; but corporations or associations may be formed for such purposes under general laws.

SEC. 5. The Legislature shall have no power to pass any law sanctioning in any manner, directly or indirectly, the suspension of specie payments, by any person, association or corporation issuing bank notes of any description.

SEC. 6. The Legislature shall provide by law for the registry of all bills or notes, issued or put in circulation as money, and shall require ample security for the redemption of the same in specie.

SEC. 7. The stockholders in every corporation and joint-stock association for banking purposes issuing bank notes or any kind of paper credits to circulate as money, after

the first day of January, one thousand eight hundred and fifty, shall be individually responsible to the amount of their respective share or shares of stock in any such corporation or association, for all its debts and liabilities of every kind, contracted after the said first day of January, one thousand eight hundred and fifty.

SEC. 8. In case of the insolvency of any bank or banking association, the billholders thereof shall be entitled to preference, in payment, over all other creditors of such bank or association.

SEC. 9. It shall be the duty of the Legislature to provide for the organization of cities and incorporated villages, and to restrict their power of taxation, assessment, borrowing money, contracting debts, and loaning their credit, so as to prevent abuses in assessments, and in contracting debt by such municipal corporations.

* SEC. 10. Neither the credit nor the money of the State shall be given or loaned to or in aid of any association, corporation or private undertaking. This section shall not, however, prevent the Legislature from making such provision for the education and support of the blind, the deaf and dumb, and juvenile delinquents, as to it may seem proper. Nor shall it apply to any fund or property now held, or which may hereafter be held, by the State for educational purposes.

* SEC. 11. No county, city, town or village shall hereafter give any money or property, or loan its money or credit to or in aid of any individual, association or corporation, or become directly or indirectly the owner of stock in, or bonds of, any association or corporation; nor shall any such county, city, town or village be allowed to incur any indebtedness except for county, city, town or village pur-

poses. This section shall not prevent such county, city, town or village from making such provision for the aid or support of its poor as may be authorized by law. No county containing a city of over one hundred thousand inhabitants, or any such city, shall be allowed to become indebted for any purpose or in any manner to an amount which, including existing indebtedness, shall exceed ten per centum of the assessed valuation of the real estate of such county or city subject to taxation, as it appeared by the assessment-rolls of said county or city on the last assessment for State or county taxes prior to the incurring of such indebtedness; and all indebtedness in excess of such limitation, except such as may now exist, shall be absolutely void, except as herein otherwise provided. No such county or such city whose present indebtedness exceeds ten per centum of the assessed valuation of its real estate subject to taxation shall be allowed to become indebted in any further amount until such indebtedness shall be reduced within such limit. This section shall not be construed to prevent the issuing of certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes for amounts actually contained, or to be contained in the taxes for the year when such certificates or revenue bonds are issued and payable out of such taxes. Nor shall this section be construed to prevent the issue of bonds to provide for the supply of water, but the term of the bonds issued to provide for the supply of water shall not exceed twenty years, and a sinking fund shall be created on the issuing of the said bonds for their redemption, by raising annually a sum which will produce an amount equal to the sum of the principal and interest of said bonds at their maturity. The amount hereafter to be raised by tax for county or city purposes, in any county containing a city of over one hundred thousand inhabitants, or any such city of

this State, in addition to providing for the principal and interest of existing debt, shall not in the aggregate exceed in any one year two per centum of the assessed valuation of the real and personal estate of such county or city, to be ascertained as prescribed in this section in respect to county or city debt.

ARTICLE IX.

SECTION 1. The capital of the common school fund, the capital of the literature fund, and the capital of the United States deposit fund, shall be respectively preserved inviolate. The revenue of the said common school fund shall be applied to the support of common schools; the revenue of the said literature fund shall be applied to the support of academies, and the sum of twenty-five thousand dollars of the revenues of the United States deposit fund shall each year be appropriated to and made part of the capital of the said common school fund.

ARTICLE X.

SECTION 1. Sheriffs, Clerks of counties, including the Register and Clerk of the city and county of New York, Coroners, and District Attorneys, shall be chosen, by the electors of the respective counties, once in every three years and as often as vacancies shall happen. Sheriffs shall hold no other office, and be ineligible for the next three years after the termination of their offices. They may be required by law to renew their security, from time to time; and in default of giving such new security, their offices shall be deemed vacant. But the county shall never be made responsible for the acts of the Sheriff. The Governor may remove any officer, in this section mentioned, within the term for which he shall have been elected; giving to such officer a copy of the charges against him, and an opportunity of being heard in his defense.

SEC. 2. All county officers, whose election or appointment is not provided for by this Constitution, shall be elected by the electors of the respective counties or appointed by the boards of supervisors, or other county authorities, as the Legislature shall direct. All city, town and village officers, whose election or appointment is not provided for by this Constitution, shall be elected by the electors of such cities, towns and villages, or of some division thereof, or appointed by such authorities thereof, as the Legislature shall designate for that purpose. All other officers, whose election or appointment is not provided for by this Constitution, and all officers, whose offices may hereafter be created by law, shall be elected by the people, or appointed, as the Legislature may direct.

SEC. 3. When the duration of any office is not provided by this Constitution, it may be declared by law, and if not so declared, such office shall be held during the pleasure of the authority making the appointment.

SEC. 4. The time of electing all officers named in this article shall be prescribed by law.

SEC. 5. The Legislature shall provide for filling vacancies in office, and in case of elective officers, no person appointed to fill a vacancy shall hold his office by virtue of such appointment longer than the commencement of the political year next succeeding the first annual election after the happening of the vacancy.

SEC. 6. The political year and legislative term shall begin on the first day of January; and the Legislature shall, every year, assemble on the first Tuesday in January, unless a different day shall be appointed by law.

SEC. 7. Provision shall be made by law for the removal for misconduct or malversation in office of all officers (except judicial) whose powers and duties are not local or legislative and who shall be elected at general elections, and also for supplying vacancies created by such removal.

SEC. 8. The Legislature may declare the cases in which any office shall be deemed vacant when no provision is made for that purpose in this Constitution.

* SEC. 9. No officer whose salary is fixed by the Constitution shall receive any additional compensation. Each of the other State officers named in the Constitution shall, during his continuance in office, receive a compensation, to be fixed by law, which shall not be increased or diminished during the term for which he shall have been elected or appointed; nor shall he receive to his use any fees or perquisites of office or other compensation.

ARTICLE XI.

SECTION 1. The militia of this State shall, at all times hereafter, be armed and disciplined and in readiness for service; but all such inhabitants of this State of any religious denomination whatever as from scruples of conscience may be averse to bearing arms, shall be excused therefrom upon such conditions as shall be prescribed by law.

SEC. 2. Militia officers shall be chosen, or appointed as follows: Captains, subalterns, and non-commissioned officers shall be chosen by the written votes of the members of their respective companies. Field officers of regiments and separate battalions by the written votes of the commissioned officers of the respective regiments and separate battalions; Brigadier-Generals and brigade inspectors by the field officers of their respective brigades; Major-Generals, Brigadier-Generals and commanding officers of regiments or separate battalions, shall appoint the staff officers to their respective divisions, brigades, regiments or separate battalions.

SEC. 3. The Governor shall nominate, and with the consent of the Senate, appoint all Major-Generals and the Com-

missary-General. The Adjutant General and other Chiefs of staff departments, and the Aides-de-camp of the Commander-in-Chief, shall be appointed by the Governor, and their commissions shall expire with the time for which the Governor shall have been elected. The Commissary-General shall hold his office for two years. He shall give security for the faithful execution of the duties of his office in such manner and amount as shall be prescribed by law.

SEC. 4. The Legislature shall, by law, direct the time and manner of electing militia officers, and of certifying their elections to the Governor.

SEC. 5. The commissioned officers of the militia shall be commissioned by the Governor; and no commissioned officer shall be removed from office, unless by the Senate on the recommendation of the Governor, stating the grounds on which such removal is recommended, or by the decision of a court-martial, pursuant to law. The present officers of the militia shall hold their commissions subject to removal, as before provided.

SEC. 6. In case the mode of election and appointment of militia officers hereby directed shall not be found conducive to the improvement of the militia, the Legislature may abolish the same, and provide by law for their appointment and removal, if two-thirds of the members present in each house shall concur therein.

* ARTICLE XII.

SECTION 1. Members of the Legislature (and all officers, executive and judicial, except such inferior officers as shall be by law exempted) shall, before they enter on the duties of their respective offices, take and subscribe the following oath or affirmation: "I do solemnly swear (or affirm) that

"And I do further solemnly swear (or affirm) that I have not directly or indirectly paid, offered or promised to pay, contributed, or offered or promised to contribute any money or other valuable thing as a consideration or reward for the giving or withholding a vote at the election at which I was elected to said office, and have not made any promise to influence the giving or withholding any such vote," and no other oath, declaration or test shall be required as a qualification for any office of public trust.

ARTICLE XIII.

SECTION 1. Any amendment or amendments to this Constitution may be proposed in the Senate and Assembly; and if the same shall be agreed to by a majority of the members elected to each of the two houses, such proposed amendment or amendments shall be entered on their journals, with the ayes and nays taken thereon, and referred to the Legislature to be chosen at the next general election of Senators, and shall be published for three months previous to the time of making such choice; and if in the Legislature so next chosen, as aforesaid, such proposed amendment or amendments shall be agreed to by a majority of all the members elected to each house, then it shall be the duty of the Legislature to submit such proposed amendment or amendments to the people, in such manner and at

such time as the Legislature shall prescribe; and if the people shall approve and ratify such amendment or amendments, by a majority of the electors qualified to vote for members of the Legislature, voting thereon, such amendment or amendments shall become part of the Constitution.

SEC. 2. At the general election to be held in the year eighteen hundred and sixty-six, and in each twentieth year thereafter, and also at such time as the Legislature may by law provide, the question, "Shall there be a convention to revise the Constitution, and amend the same?"* shall be decided by the electors qualified to vote for members of the Legislature; and in case a majority of the electors so qualified, voting at such election, shall decide in favor of a convention for such purpose, the Legislature at its next session shall provide by law for the election of delegates to such convention.†

The Courts of Oyer and Terminer hereby established shall in their respective coun-

SEC. 6. The Chancellor and the present Supreme Court shall, respectively, have power to hear and determine any of such suits and proceedings ready on the first Monday of July, one thousand eight hundred and forty-seven, for hearing or decision, and shall, for their services therein, be entitled to their present rates of compensation until the first day of July, one thousand eight hundred and forty-eight, or until all such suits and proceedings shall be sooner heard and determined. The Constitution requires nine years' citizenship to qualify for admission to the Senate, and seven years to the House of Representatives. An act, approved July 26, 1866, requires the Legislature of each State, which shall be chosen next preceding the expiration of any Senatorial term, on the Second Tuesday after its first meeting, to elect a successor, each House nominating *viva voce*, and then convening in joint assembly to compare nominations. In case of agreement, such person shall be declared duly elected; and if they do not agree, then balloting to continue from day to day, at 12 m. during the session, until choice has been made. Vacancies are to be filled in like manner. The members of each house receive a salary of \$5,000 per annum, and mileage at the rate of twenty cents per mile. For each day's absence, except when caused by sickness, eight dollars *per diem* may be deducted from the salary. The President *pro tem.* of the Senate receives the same compensation as the Vice-President. The Speaker of the House of Representatives receives \$8,000 a year.

Governors of New York.

The executive power of the State is vested by the Constitution in the Governor. He is commander-in-chief of the military and naval forces of the State, a trustee of public buildings, a Regent of the University, a trustee of the Soldiers' Home, and a trustee of Union College, Cornell University, Syracuse University and of the Idiot Asylum. He is authorized and empowered to see that all laws are faithfully executed. Among other powers, he may convene the Legislature, or Senate only, in extraordinary sessions, may grant reprieves, commutations and pardons after convictions for all offenses except treason and cases of impeachment, upon such conditions and restrictions as he may think proper, and may appoint, by and with the advice and consent of the Senate, certain officers connected with the government of the State not elective by the people, and fill vacancies occurring in office during the recess of the Senate. He also has power to remove many officers in the method prescribed by law.

He has the power to veto all bills passed by the Senate and Assembly. During the session of the Legislature, he must return any such bill to the house in which it originated with his objections, within ten days—Sundays excepted—after it is presented to him; if not returned within that time, it shall be a law in like manner as if he had signed it, unless the Legislature, by its adjournment prevent its return, in which case it does not become a law without his signature. After the final adjournment of the Legislature, no bill becomes a law unless approved by the Governor within thirty days. The Governor has also power to disapprove items in any bill appropriating money in the manner prescribed by the Constitution.

The Governor holds his office for three years and receives a salary of ten thousand dollars and use of executive mansion.

The State Bureau of Statistics of Labor was established by chapter 356 of the Laws of 1883.

The Commissioner is appointed by the Governor, by and with the advice and consent of the Senate, triennially, on the first Wednesday of April. He receives a salary of \$3,000, and has an office in the Capitol. It is the duty of the Commissioner to collect, assort, systematize and present, in annual reports to the Legislature, statistical details relating to all departments of labor in the State.

State Arbitrators.

A State Board of Arbitration was created by chapter 410, Laws of 1886, providing for the appointment of three State Arbitrators for a term of one year. By chapter 63, Laws of 1887, the name was changed to "State Board of Mediation and Arbitration," and the term was made three years. The State Arbitrators are appointed by the Governor with the advice and consent of the Senate, and must be selected; one from each of the two leading political parties, and one from a *bona fide* labor organization. The Board has power to appoint a secretary, and it has an office in the Capitol.

It is the duty of the State Board of Mediation and Arbitration to hear and consider appeals from the decisions of local boards, and to investigate such cases. The decision of the Board thereon is final and conclusive in the premises upon both parties to the arbitration.

Whenever a strike or lock-out shall occur, or is seriously threatened in any part of the State, and shall come to the knowledge of the Board, it is its duty to endeavor by mediation to effect an amicable settlement of such controversy; and if, in the judgment of the Board, it is deemed best to inquire into the cause or causes of the controversy; and to that end the Board is authorized to subpoena witnesses, compel their attendance, and send for persons and papers.

The salary of each Arbitrator is \$3,000 a year, and of the Secretary \$2,000 a year.

COMMITTEE OF THE WHOLE.

RULE 22. The rules of the senate shall be observed in the committee of the whole, so far as may be applicable, except limiting the number of times of speaking and except that the ayes and noes shall not be taken. Such committee may strike out the enacting clause of a bill, and report that fact to the senate; and if the report be agreed to by the senate, it shall be deemed a rejection of the bill.

RULE 23. Bills committed to a committee of the whole senate shall, in committee of the whole, be read through by sections. The report shall state whether or not said bill has been amended in committee of the whole. And when the report of such committee, if favorable, shall be agreed to, and the bill not otherwise disposed of, the bill shall be ordered engrossed for a third reading. Upon such question the merits of the bill may be debated, and a motion to commit or recommit, or to amend, as provided in the 23d rule, or lay on the table, or to postpone to a future day, shall be in order. If such question be decided in the negative, such bill shall be deemed lost.

RULE 27. Every bill shall receive three readings previous to its being passed, and the president shall give notice at each, whether it be the first, second or third. RULE 37. A motion to postpone, commit or refer, until it is decided, shall preclude all debate of the main question.

RULE 38. When a blank is to be filled, and different sums or time shall be proposed, the question shall be first taken on the highest sum and the longest time.

RULE 39. and no bill or resolution shall, before the first day of April, be sent from the senate on the day of its passage ; nor shall any motion for reconsideration be in order, unless made on the same day on which the vote was taken ; or within the next three days of the actual session of the senate thereafter. RULE 44. Upon a division in the senate, the names of those who voted for or against a question shall be entered alphabetically on the minutes, if any senator requires it except upon motions to excuse a senator from voting, which shall be decided by count; and each senator called upon, unless, for special reasons, he be excused by the senate, shall declare, openly and without debate, his assent or dissent to the question.

All bills shall be so referred prior to their third reading.

RULE XXVI. All bills, whether introduced in the house or communicated by message from the senate, shall, after

their first reading, be referred to a standing or select committee, to consider and report thereon. Such committee may report any bill, either with or without amendments, or they may report against the same. All bills reported favorably or for consideration, if reported with amendments, shall be immediately printed, and the amendments proposed by the committee shall be printed in Roman, except in cases where the committee recommend striking out certain words, in which case they shall be printed "Stricken through."

All bills favorably reported shall, if the report be agreed to, be placed on the order of second reading; but where a bill has been reported adversely, and such report shall be agreed to by the house, it shall be considered, as rejected. No committee shall be discharged from the consideration of a bill thus referred until the committee has had a meeting subsequent to its reference and has neglected to consider the bill; nor shall an adverse report be received unless the introducer of the bill has first had an opportunity to be heard.

RULE XXVII. Bills on the order of second reading shall be subject to debate before the motion to order them to a third reading is entertained; such bills shall be considered section by section. The main question, if ordered, shall apply only to the section at the time under consideration. After the bill has been thus read through, one-half hour shall be allowed for debate, but no person shall speak more than fifteen minutes, except by consent of the house.

of a bill, by a member who voted in the majority. Such motion may be made under any order of business, but shall be considered only under the order of business in which the vote proposed to be reconsidered occurred. The motion to reconsider the vote on the final passage of any bill shall be privileged to any member, but no motion for the reconsideration of any vote shall be in order after a bill, resolution, message, report, amendment or motion upon which the vote was taken shall have gone out of the possession of the house, unless subsequently recalled, by a vote of the house, and in possession of the clerk.

RULE XXXIV. When a motion for reconsideration is decided, that decision shall not be reconsidered, and no question shall be twice reconsidered; nor shall any vote be reconsidered upon either of the following motions:

To adjourn.

Then on taking the previous question, the house shall decide that the main question shall not now be put, the main question shall be considered as still remaining under debate. The "main question" shall be on the passage of the bill, resolution or other matter under consideration; but when amendments are pending, the question shall first be taken upon such amendments in their order; and when amendments have been adopted in committee of the whole, and not acted on in the house, the question shall be taken upon such amendments in like order, and, if the previous question has been ordered, without further debate or amendment.

their presence, and in addition to suspending them from the service of the house for a given period, may inflict such censure or pecuniary penalty as they may deem just on those who, on being called on for that purpose, shall render not sufficient excuse for their absence.

RULE XLII. For the purpose of securing the attendance of members, a call of the house may be made, but such call shall not be in order after the main question has been ordered, nor after the voting on any question has commenced, nor after the third reading of a bill has been completed.

RULE XLIII. When less than a quorum vote on any subject under the consideration of the house, it shall be in order, on motion, to close the bar of the house, whereupon the roll of members shall be called by the clerk, and if it is ascertained that a quorum is present, either by answering their names or by their presence in the house, the yeas and nays shall again be ordered by the speaker, and if any member present refuses to vote such refusal shall be deemed a contempt, and unless purged, the house may order the sergeant-at-arms to remove said member or members without the bar of the house, and all privileges of membership shall be refused the person or persons so offending until the contempt be duly purged.

RULE XLIV. Whenever any person shall be brought before the bar of the house for adjudged breach of its privileges, no debate shall be in order, but the speaker shall proceed to execute the judgment of the house, without delay or debate.

RULE XLVII. In all cases where a bill, order, motion or resolution shall be entered on the journal, the name of the member introducing or moving the same shall also be entered on the journal.

RULE XLVIII. The yeas and nays may be taken on any question whenever so required by any ten members (unless a division by yeas and nays be already pending), and when so taken shall be entered on the journal.

RULE L. It shall be the duty of the clerk to cause the journal of each day's proceedings of the house to be printed and laid on the table of members within two days after its approval, and, in addition to the other duties of his office, to prepare and supervise the printing of the calendars of the orders of the day, and to cause them to be placed on files before the commencement of each day's session.

RULE LI. No reporter for the assembly, who has an appointment as reporter in the senate, shall receive any order for stationery from the clerk of the assembly.

RULE LII. No standing rule or order of the house shall be changed, suspended or rescinded unless one day's notice shall have been given of the motion therefor, nor shall such change be made unless by a vote of a majority of all the members elected to the assembly; any such rule or order, however, may be suspended by unanimous consent. But such notice shall not be necessary on the last day of the session. The notice and motion shall in all cases state specifically the object of the suspension, and every case of suspension of a rule under such notice and motion shall be held to apply only to the object specified therein.

Such notice shall be given and such motion made under the order of business in which the matter proposed to be advanced by the suspension shall stand.

RULE LIII. No persons, except members of the legislature, and the officers thereof, shall be permitted within the clerk's desk, or the rooms set apart for the use of the clerk, during the session of the house, and no member or other person shall visit or remain by the clerk's table while the yeas and nays are being called, except officers of the house in the discharge of their duties.

RULE LIV. It shall be the duty of the stenographer of the assembly to be present at every session of the house. He shall take stenographic notes of the debates in the house and in committee of the whole ; and shall furnish a copy of the same written out in longhand, to any member applying herefor, upon the payment to said stenographer of ten cents for each folio, which charge said stenographer may receive in addition to his fixed compensation. The stenographic notes of the debates shall be filed with the clerk, and shall form a portion of the archives of the house. The clerk of the assembly is authorized to furnish said stenographer with proper stenographic blank-books in which to record said debates, not to exceed fifty dollars for an annual session of the legislature.

RULE LV. All questions of order, as they shall occur, with the decisions thereon, shall be entered in the journal, and at the close of the session, a statement of all such questions and decisions shall be printed at the close of and is an appendix to the journal.

RULE LVI. Any member requesting to be excused from voting upon the final passage of a bill or upon the passage of a resolution requiring the expenditure of money, may make, when his name is called, a brief statement of the reasons for making such request, not exceeding two minutes in time, and the house, without

debate, shall decide if it will grant such request; but nothing in this rule contained shall abridge the right of any member to record his vote on any question previous to the announcement of the result.

RULE LVII. Amendments proposed by the senate and sent back to the house for concurrence shall be referred to the committee which reported the measure proposed to be amended, with power to report at any time.

RULE LVIII. On the third reading of a bill, after the reading of the title, and before the reading of the text, the bill shall be open to debate on its merits, but the previous question shall not be ordered until the expiration of one-half hour after the commencement of the debate; provided, however, that the vote may be taken at any time when the debate is closed, and, provided further, that this rule shall not be construed to prevent debate during the reading of the bill.

RULE LIX. It shall be the duty of the sergeant-at-arms, at all times, not to allow any person to smoke in the Assembly chamber. Subject to the direction of the speaker, he shall enforce the rules of the house.

RULE LX. On or before the fifth day of April, committees shall make final report upon matters referred to them prior to that day, unless further time is granted for cause, and after that date no bills shall be introduced except by message from the senate.

In all cases where a bill shall be so ordered to lie on the table, it shall retain its place in the order of the final reading of bills, but shall not be called up for consideration unless by a vote of a majority of the members present.

RULE 10. The same bill shall not, specially or by name create, renew or continue more than one incorporation, nor contain any provisions in relation to the altering of more than one incorporation by name ; but this rule shall not be construed to apply to corporations to be formed under general laws according to the eighth article of the Constitution, nor to bills for consolidating corporations. After any bill has been reported by a committee, no amendment shall be made thereto which introduces an entirely new and different subject-matter from the subject-matter of the bill reported.

RULE 11. Whenever there shall be an election of officers by the joint action of the two houses, the result shall be certified by the president of the senate and speaker of the assembly, and shall be reported by the presiding officer of each house to their respective houses, and be entered on the journals of each, and shall be communicated to the governor by the clerks of the two houses.

RULE 12. There shall be printed, of course, and without order, 639 copies of all original bills reported by committees of either house ; and 800 copies of all messages from the governor (except messages certifying his approval of bills), all reports of standing or select committees, and all reports or communications made in pursuance of law ; and 796 copies of the journal of each house, which number shall be denominated the usual number.

RULE 13. Neither house shall order the printing or purchasing of books for the use of members or for distribution, except by joint resolution, upon which the ayes and noes shall be called, and which must receive the votes of a majority of each house ; and no printing shall be done by order of either house, which is not embraced in the contract for doing the public printing. Whenever either house shall order more than the usual number of any message or

document, the fact shall be communicated immediately by message to the other. Whenever extra copies of any document or publication of any kind shall be ordered printed, the printer shall be authorized and required to deliver to the trustees of the State library at least five copies in addition to the number so ordered, for the use of the said library, and whenever more than five hundred copies are so ordered, the printer shall in like manner furnish five additional copies for each five hundred for the purpose of literary exchanges.

RULE 14. When the same document shall by separate orders be directed to be printed by both houses, it shall be regarded as but one order, unless otherwise expressly directed by either house.

RULE 15 In the distribution of documents, the Governor and elective State officers and State officers appointed by the Governor and senate or elected by joint or concurrent action of the two houses, adjutant-general, and the clerks of the two houses, shall each have the same number as each of the members ; and a specified number may be added for any committee, officer, or author of a document.

RULE 16. The superintendent of documents of each house shall receive from the printer all matter ordered by the respective houses, and shall keep a book and enter therein the time of reception by him of every such bill or document, and the number of copies received, and shall cause each and any of such bill or document to be immediately placed on the desks of the members.

RULE 17. There shall be printed six hundred and forty bills, and distributed as follows :

To the senate.....	150 copies.
To the assembly.....	450 copies.
To the State officers.....	30 copies.

To the State library	1 copy.
Retained to bind.....	9 copies.

There shall be printed three hundred and one messages and documents, and distributed as follows :

To the senate.....	80 copies.
To the assembly.....	190 copies.
To the State officers.....	30 copies.
To the State library.....	1 copy.

There shall be printed three hundred and one journals of each house, and distributed as follows :

To the senate.....	80 copies.
To the assembly.....	190 copies.
To the State officers.....	30 copies.
To the State library.....	1 copy.

There shall be printed to bind, four hundred and eighteen journals of each house, and the same number of messages and documents, and distributed as follows :

For the senate.....	38 copies.
For the assembly...	140 copies.
For senate library.....	3 copies.
For assembly library.....	5 copies.
For the counties and public officers.....	123 copies.
For literary and scientific exchanges, to be made by the regents of the university, including one copy for each State and Territory, and one copy for each of the regents who are not otherwise provided for.....	107 copies.
For State library.....	2 copies.

There shall also be printed and bound for the State library five copies of the Session Laws, and also of the journal of each house, and fifty-five copies of the same for the regents of the university, for the purpose of literary exchanges.

The clerk of each house shall forthwith, after the journal thereof of each day is approved, deliver a legible copy thereof to the printer for the two houses, who shall have the same printed and delivered to the sergeant-at-arms of each house within forty-eight hours thereafter.

RULE 18. There shall be a standing committee, consisting of three members of the senate and five members of the assembly, to be called the joint committee on the State library and cabinet of natural history.

RULE 19. The supply bill and the annual appropriation bill shall be reported by the fifteenth day of March, and printed immediately thereafter, and made the special order for the twenty-fifth day of March, or some day prior thereto, immediately after the reading of the journal.

RULE 20. No bill introduced after the fifteenth day of March in either house shall have its final reading in either house until all bills previously introduced in either, and sent from one house to the other house for concurrence and ready for third reading, shall be disposed of, unless by unanimous consent, except the supply bill and the annual appropriation bill; and the clerk of each house shall note on such engrossed bill the day on which it was introduced, and the day on which it was received from the other house, and shall announce such facts when the same is proposed to be read a third time.

RULE 21. When a bill originated in the senate or assembly shall have been lost in either house, neither the same nor any other bill on the same subject, and containing similar provisions, shall be subsequently introduced into the senate or assembly during the same session, unless by unanimous consent.

RULE 22. The postmaster of each house shall weigh and stamp all documents sent by mail or express, and enter in a book to be kept by him for that purpose, the amount of

postage or express charge thereon, and report to the clerk of the respective houses the aggregate thereof weekly ; and the assistant postmaster of each house shall enter in a book to be kept by him for that purpose an accurate account of all documents, with the postage or express charges paid thereon, transmitted from the post-office of their respective houses by mail or express, and report the aggregate thereof weekly to the respective clerks of the senate and assembly ; and the clerks of the senate and assembly shall, from time to time, furnish to the postmaster of each house respectively, the stamps requisite for carrying into execution this rule, and an account thereof shall be kept by them in books to be by them provided for that purpose ; and the books kept by the postmaster and assistant postmaster, above specified, shall be at all times open to the inspection of the clerks and members of each house respectively.

RULE 23. The titles of all bills introduced into either house proposing amendments to chapter 410 of the Laws of 1882, entitled " An act to consolidate into one act and to declare the special and local laws affecting public interests in the city of New York," and also chapter 583 of the Laws of 1888, entitled " An act to revise and combine in a single act all existing special and local laws affecting public interests in the city of Brooklyn," and also all amendments proposed to the Penal Code, to the Code of Criminal Procedure and the Code of Civil Procedure, and the Revised Statutes, shall contain the numbers of the section proposed to be amended, and some brief reference to the subject of the proposed amendments; and that with respect to this class of bills herein mentioned the clerks of the two houses are directed to have this rule strictly enforced.

The Court of Appeals.

The Court of Appeals succeeded the Court for the Trial of Impeachments and the Correction of Errors, so far as the correction of errors is concerned. As first organized, under the Constitution of 1846, it was composed of eight judges, four of whom were chosen by the electors of the State for a term of eight years, and four were elected from the class of Justices of the Supreme Court having the shortest time to serve. The Judges elected by the people were so classified that an election occurred every odd year. The Judges selected from the Supreme Court were taken each even year from the first, third, fifth and seventh districts, and each odd year from the second, fourth, sixth and eighth districts, and served one year. The Judge elected by the State at large having the shortest term to serve, acted as Chief Judge. The Clerk was elected by the people for the term of three years. The Reporter was appointed by the Governor, Lieutenant-Governor and Attorney-General for three years.

The article in relation to the Judiciary, framed by the Convention of 1867-68, reorganized the Court of Appeals. This article was approved by the people at the general election held in 1869. In accordance with its provisions, the Court of Appeals is now composed of a Chief Judge and six Associate Judges, who "hold their office for the term of fourteen years, from and including the first day of January after their election," which was the year 1871. The first Judges were elected at a special election held in 1870. At the first election of Judges each elector voted for the Chief Judge and four only of the Associate Justices. Vacancies are to be filled at the next general election happening not less than three months after such vacancy occurs, and until so filled, by the Governor and Senate, or by the Governor alone, if the Senate is not in session.

Judges are prohibited, by the Constitution, from holding any other office or place of public trust; from exercising any power of appointment to public office and from practicing as attorney or counselor, or acting as referee. They are removable by concurrent resolution of both Houses of the Legislature, if two-thirds of all the members elected to each branch concur therein.

The court is almost continually in session, taking recess as it may from time to time order.

The court has full power to correct or reverse the decisions of the Supreme Court. Five Judges constitute a quorum, and the concurrence of four is necessary to pronounce a judgment. If such concurrence be not had, the case must be reheard; but no more than two rehearsals can be had, and if then four Judges do not concur, the judgment of the court below is affirmed. The Legislature may authorize the judgments, decrees and decisions of any inferior local court of record established in a city, having original civil jurisdiction, to be removed for review directly into the Court of Appeals.

The salary of the Chief Judge of the Court of Appeals is \$10,500, and of the Associate Judges \$10,000.

A Clerk is appointed by the Court to hold office during its pleasure. He gives a bond to the people of the State in the penalty of \$25,000, with two sufficient sureties, for the faithful performance of his duties, which bond is filed with the Comptroller. He appoints a deputy, by writing under his hand and seal, who takes the oath of office, and acts as Clerk in case of a vacancy, or when the Clerk is absent, or incapable of performing the duties. The salary of the Clerk is \$5,000. He keeps his office in the Capitol, Albany. In it are deposited the records of the former Court of Errors, Supreme Court and Court of Chancery.

The Court also appoints its Reporter. He has a salary of \$5,000.

Court of Appeals—Second Division.

By an amendment to the Constitution adopted November 6, 1888, to take effect January 1, 1889, it is provided :

Whenever, and as often as there shall be such an accumulation of causes on the Calendar of the Court of Appeals, that the public interests require a more speedy disposition thereof, the said Court may certify such fact to the Governor, who shall thereupon designate seven Justices of the Supreme Court to act as Associate Judges, for the time being, of the Court of Appeals, and to form a Second Division of said Court, and who shall act as such until all the causes upon the said calendar at the time of the making of such certificate are determined, or the Judges of said Court, elected as such, shall certify to the Governor that said causes are substantially disposed of, and on receiving such certificate the Governor may declare said Second Division dissolved and the designation of Justices to serve thereon shall thereupon expire. The Second Division of said Court is competent to determine any causes on said calendar which may be assigned to such division by the Court of Appeals, and that Court may at any time before judgment direct any of the causes so assigned to be restored to its calendar for hearing and decision. The rules of practice in both divisions shall be the same. Five members of the Court form a quorum, and the concurrence of four is necessary to a decision. The Judges composing the Second Division appoint from their number a Chief Judge of such division. The Governor may from time to time, when in his judgment the public interests may require, change the designation of any Justice of the Supreme Court to serve in such division, and may fill any vacancy occurring therein, by designating any Justice of the Supreme Court to fill such vacancy. The Judges may appoint and remove a crier and such attendants as may be necessary. The Judges composing the Second Division shall not during the time of their service therein exercise any of the functions of Justices of the Supreme Court, nor receive any salary or compensation as such Justices, but in lieu thereof shall during such term of service receive the same compensation as the Associate Judges of the Court of Appeals. They have power to appoint the times and places of their sessions, within this State. The Clerk and Reporter of the Court of Appeals are Clerk and Reporter of said Second Division.

Supreme Court.

The Constitution of 1846 abolished the Supreme Court as it then existed, and established a new one, having general jurisdiction in law and equity. The State is divided into eight Judicial Districts. The first district is entitled to seven Justices. The second, fifth, seventh and eighth districts to six, and the third, fourth and sixth districts to five, all of whom are elected by the voters of their respective districts. Although elected in districts, the jurisdiction of each Justice extends to every part of the State. The official term of Justices of the Supreme Court is fourteen years from the first day of January next after their election; but no person can hold such office longer than until the last day of December next after he shall be seventy years of age. They can hold no other office or public trust. If a vacancy occurs more than three months before a general election, it is filled at such election for a full term; but if it happen within three months of a general election, then it is filled by appointment of the Governor, by and with the advice and consent of the Senate if that body be in session, or if not in session, until the next general election.

The salaries of the Justices of this Court are \$6,000 per annum; besides which they receive an annual allowance of \$1,200 for their expenses (except in the First Judicial District).

The Justices of the Second Judicial District (except those residing in the county of Kings) receive an annual additional allowance of \$2,500.

The Supreme Court possesses the powers and exercises the jurisdiction possessed and exercised by the Supreme Court, the Court of Chancery and the Circuit Court prior to the Constitution of 1846, so far as the same were consistent with that Constitution and the Judiciary act of 1847; that is to say, it has general jurisdiction in law and equity, and of all actions, civil and criminal.

Courts of first instance, or for the trial of issues of fact in civil cases, are held by one Justice, and are called Circuit Courts; while courts for trial of criminal cases are held by one Justice and two Justices of Sessions selected by the electors of the county where the court is held, and are called Courts of Oyer and Terminer. The Circuit Court and the Courts of Oyer and Terminer are held on the same day and continue for the same time, and the business of either is transacted as the occasion may require, the only difference being that when criminal business is transacted the Justices of Sessions must also be on the bench. A Special Term is also held in connection with each Circuit, whereat questions of law are determined.

The eight Judicial Districts of the State are again divided into five Judicial Departments, in each of which there is organized a General Term of the Supreme Court, each of which is composed of a Presiding Justice and two Associate Justices, who are selected by the Governor from the whole number of Justices of the State. The Presiding Justice holds office as such during his judicial term, and the Associate Justices for five years, unless their judicial term sooner expires.

A General Term is held in each Judicial District of the Department at least once a year, and has jurisdiction to hear and determine appeals from the judgments and orders of the Circuit Courts, the Special Terms,

the Courts of Oyer and Terminer and the County Courts within the Department. Appeals lie to the Court of Appeals from the orders and judgments of the General Term in certain cases specified by statute.

The County Clerks of the several counties are clerks of the Supreme Court in their respective counties, and the seals of such County Clerks are the seals of the Court.

To entitle any person to admission as an attorney of the Supreme Court, he must be a citizen of the United States, twenty-one years of age, a resident of the Department within which he applies for admission, of good moral character, must have served a clerkship of three years in the office of a practicing attorney of the Supreme Court, and must pass a satisfactory examination by a committee appointed by the Court. An allowance of one year on the clerkship is made to graduates of colleges and universities, and of so much additional time, not exceeding one year to such graduates, or two years to non-graduates, as was actually spent in attendance upon law lectures in any law school of the State. Any person who holds a degree in law from any law school out of this State which maintains a course of instruction covering at least two academic years of not less than eight months each, and gives its degrees only after public examination, shall be allowed the time spent in such law school (not exceeding two years), in lieu of an equal period of clerkship in a law office. Under this rule one year at least must be spent in a law office. At the expiration of two years after the admission of a person as an attorney, he may apply to the General Term for examination as a counselor. Attorneys are permitted to appear and try causes in the County Courts, but not in the Circuit Courts, or Courts of Oyer and Terminer, or Special Terms, or the Superior City Courts.

Members of the bar of other States may be admitted as attorneys and counselors after one year's clerkship in an office in this State; but if the applicant's term of clerkship and practice in the other State, together with the year's clerkship in this State, shall not equal five years, then the applicant can only be licensed as an attorney.

University of the State of New York.

Incorporated May 1, 1784; reorganized April 18, 1787; powers enlarged and laws revised and consolidated June 15, 1889.

The University consists of all incorporated institutions of academic and higher education, with the State Library, State Museum, and such other libraries, museums or other institutions for higher education in this State as may be admitted by the Regents to the University.

Its object is, in all proper ways, to encourage and promote academic and higher education.

Besides the State Library and State Museum, there are in the University 408 institutions—ninety-seven academics, 234 high schools, and seventy-seven degree-conferring and professional institutions, viz.: Eighteen colleges of arts and science for men, nine for women, and four for men and women, five law schools, fifteen medical schools, four schools of pharmacy, and three polytechnic and nine special institutions. Of these, one medical college and five theological schools confer no degrees.

The powers of the University are vested in twenty-three Regents, including the Governor, Lieutenant-Governor, Secretary of State, and Superintendent of Public Instruction, *ex officio*. Regents are elected in the same manner as United States Senators, and serve without salary.

The Regents have power to incorporate or to alter or repeal the charters of colleges, academics, libraries, museums, or other educational institutions belonging to the University; to distribute to them all funds granted by the State for their use; to inspect their workings and require annual reports under oath of their presiding officers; to establish examinations as to attainments in learning, and confer on successful candidates suitable certificates, diplomas and degrees, and to confer honorary degrees.

They apportion annually an academic fund of \$106,000, a part for buying books and apparatus for academics and high schools raising an equal amount for the same purpose, and the balance, on the basis of attendance and of the Regents' examinations held three times annually, in the 331 academics and high schools.

The regular meetings of the Regents are held the second Wednesday in December, the second Thursday in February, and Thursday of Convocation week. Numerous special meetings are held as called by the Chancellor or on request of five Regents.

The annual University Convocation of the Regents and the officers of colleges and academics belonging to the University, for consideration of subjects of mutual interest, is held on Wednesday, Thursday and Friday following July 4.

The work of the University is divided into four departments: Executive, Examinations, State Library and State Museum.

Examinations Department.

This was erected into a separate department in 1889, and includes preliminary, law student, medical student, academic, higher, medical and any other examinations conducted by the Regents. Regents' examinations were suggested in 1828. July 7, 1864, examinations in the four preliminary studies (arithmetic, geography, grammar and spelling) were first instituted, and since 1870 all papers of pupils claimed by principal to have passed have been re-examined at the Regents' office. In June 1878, examinations in twenty advanced academic studies were established on the same general plan. Meeting a steadily growing demand the number was increased in 1879 to thirty-five, in 1881 to thirty-six, in 1883 to thirty-nine, in 1885 to forty-one, in 1889 to forty-two and in 1890 to fifty-five.

In response to a general demand, the Court of Appeals adopted a rule May 4, 1882, that all intending law students, unless college graduates must pass a Regents' examination in arithmetic, geography, grammar, spelling, English composition, English and American history. The recognized benefit of the preliminary law student examinations led in 1889 to a law requiring each candidate for the degree of M. D., not holding a college degree, to pass a Regents' examination in arithmetic, geography, grammar, spelling, English composition, English history and physics. (Laws of 1889, chap. 468.)

These examinations, held each term in the 331 academies and high schools of the University, cover fifty-five subjects and require nearly 400,000 question papers annually. Pass cards are issued for the attainment of seventy-five per cent in any study, and certificates are given for every ten counts completed. Every count represents ten weeks work in one of three studies. Most studies count two, as the examination assumes twenty weeks work in each. The preliminary, law student and medical student certificates are given for specified groups of studies. By completing a prescribed three years' course of study an academic, English or classical diploma is gained.

After September 1, 1891 (see Laws of 1890, chap. 507), no person not theretofore a legally authorized practitioner of medicine and surgery can be licensed to practice in this State, except by the Regents' after examination by the University in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, and therapeutics including practice and materia medica.

By the Laws of 1890, chapter 500, physicians from other States and countries, who had hitherto been required to secure the indorsement of

their diplomas or licenses by one of the sixteen medical colleges of the State, must hereafter secure such indorsement from the Regents of the University only.

STATE LIBRARY.

[A DEPARTMENT OF THE UNIVERSITY OF THE STATE OF NEW YORK, INCLUDING DUPLICATE DEPARTMENT, LIBRARY SCHOOL AND ALL OTHER LIBRARY INTERESTS INTRUSTED TO THE REGENTS.]

The State Library was established by the Legislature in 1818, with the Governor, Lieutenant-Governor, Chancellor and Chief Justice as trustees. The Secretary of State, Attorney-General and Comptroller were afterwards added. In 1844 the Regents of the University were made, *ex officio*, sole trustees. The library was kept in the Old Capitol till 1854, when a new building was erected for it. In 1883 this building was removed to make way for the eastern approaches of the New Capitol, and the library was temporarily located on its second floor under the Assembly Chamber. In 1889 it was finally moved to its permanent home, the third, fourth and fifth floors of the western front. The only public entrance is on the third floor, into the central and largest of the eleven

reading rooms which extend from State street to Washington avenue. The fourth and fifth floors are used for storage of books, for the Duplicate Department, for administrative purposes, and for special reading rooms, to which students making special investigations may obtain access. The library is open daily, except Sundays, from 8 A. M. to 10 P. M. It is also open to readers on Saturday afternoons and all other holidays.

LAWS OF 1889, CHAP. 329.

§ 16. The University, including the State Library and State Museum, shall be under the control of the Regents, who shall have all the powers of trustees, including full authority to appoint all needed officers and employes; to fix their titles, duties, salaries and terms of service; to make all needed regulations for the safety, increase, and use of said library and museum; to buy, sell, exchange or receive by will, gift or on deposit articles or collections properly pertaining to the library or museum; to maintain lectures connected with higher education in this state, and to lend to or deposit permanently with other institutions books, specimens or other articles in their custody which, because of being duplicates or for other reasons, will, in the judgment of the regents, be more useful in the said institutions than if retained in the original collections at Albany.

§ 17. The state library and museum shall be kept open not less than eight hours every week day in the year, and members of the legislature, judges of the court of appeals, justices of the supreme court and heads of the several state departments may borrow from the library books for use in Albany, but shall be subject to such restrictions and penalties as may be prescribed by the Regents for the safety or greater usefulness of the library.

§ 18. The Regents shall have charge of the preparation, publication and distribution, whether by sale, exchange or gift, of the colonial history, natural history and all other state publications not otherwise signed by law. To guard against the waste or destruction of state publications, and to provide for the completion of sets to be permanently preserved in American and foreign libraries, the Regents shall maintain in the state library a duplicate department to which each state department, board or bureau shall send not less than five copies of each of its publications when issued, and after completing its distribution, the remaining copies which it no longer requires. The above publications, with any other books and pamphlets not needed in the state library shall constitute the duplicate department, and the rules for sale, exchange or distribution from it shall be fixed by the Regents, who shall receive all receipts from such exchanges or sales for the increase of the state library.

§ 19. There shall be appropriated annually, to be paid to the Regents by the treasurer on the warrant of the comptroller, \$15,000 for books, periodicals and binding for said library.

Before the president of the senate, or the speaker of the assembly shall grant to any member a certificate of the time of his attendance, he shall be satisfied that such member has returned all books taken out of the library by him, and has settled all accounts for fines for injuring such books or otherwise. (Revised Statutes, part I, chap. 8, title 8, sec. 7.)

RULES ADOPTED BY THE REGENTS.

[Any suggestions for making the library more useful are invited, and any reader having cause for complaint will greatly oblige the director by reporting the facts personally or by note.]

1. These rules shall be publicly posted in the library and a copy given to every borrower, and no violation of them will be excused on the plea of ignorance.

2. No suspension of a rule shall be made except by the library committee on a written statement of satisfactory reasons.

3. All departments of the state library shall be kept open from 9 A. M. to 5 P. M. daily, except on Sundays and legal holidays. On holiday when its business departments are closed, the reading room shall be open, and books shall be supplied to readers during the usual hours of opening.

4. Members of the legislature, judges of the court of appeals, justices of the supreme court, heads of the several state departments, their deputies and clerks officially resident in Albany, donors to the library to the amount of one hundred dollars, all institutions of the University, such other libraries as may be approved by the library committee, and, by written permission of a regent, others having special claim on its facilities, may borrow books, subject to recall if specially needed. Books shall be lent only to registered borrowers, and delivered only on personal application or on a written order, by which full responsibility for books so delivered is assumed. No book shall be lent by a borrower.

5. The reading rooms and reference library shall be free to all persons conforming to the rules; but no reader shall be entitled to retain for use in the library any book required for immediate official use by any state officer, court, department or committee in the Capitol.

6. Readers shall not, without special permission from a librarian accumulate on their desks law or other reference books, but all volumes not in actual use shall be promptly returned to the shelves.

7. No one but officers of the library shall have access to its private rooms, unless with an attendant or a written permit from a librarian.

8. No one shall keep from the library, without special permission of the director, more than three volumes at a time, nor any volume longer than two weeks without renewal. A book renewed after being out one week may be kept only two weeks from the date of such renewal. Books may be renewed any time during the second week of loan, either in person or by note addressed "State library loan desk, Albany," but the sender must take all risks of the mail.

9. No borrower shall keep a book more than two days after notice from the library that it is wanted. Thus notice sent May 7 allows May 8 and 9 in which to return the book. If a note requests renewal of a book "reserved" under rule 10, notice of recall will be sent and two days will be allowed for its return.

10. No book shall be renewed if the word "reserve" is on its register card. A book which has been lent will be reserved for the applicant for two days only after its return, if he leave, on the blank provided at the loan desk, his address and the title of the book. This "reserve" will be dated and sent him immediately on the return of the book.

11. Books marked on the book plate and in the catalogues "REF" are for reference only and will not be lent. Those marked "ref" will be lent and those marked "per" can be consulted, only on written permit from the librarian in charge.

12. No book shall be removed from the room in which it belongs without permission of the librarian in charge.

13. Books issued on call-slips are for use in the reading rooms only. To be taken away from the library they must be charged at the loan desk, and any person taking from the library a book without having it so charged will be fined fifty cents for each offense.

14. Any book unreturned after one week's notice, may be sent for at the expense of the borrower.

15. Any book, unreturned after one month's notice, may be considered lost, in which case the borrower shall pay its value.

16. No reproduction by photography, tracing, etc., shall be made without permission from a librarian.

17. Notes, corrections of the press, or marks of any kind on books belonging to the library, are unconditionally forbidden. Any person violating this rule or otherwise injuring a book shall pay a fine satis-

factory to the library committee or take the book and pay all costs of replacing it. The borrower is responsible for all injuries, however caused, to any book while charged to him, and if he finds a book mutilated or defaced should report the fact without delay at the loan desk. Books are assumed to be in proper condition when issued, and the borrower will be held responsible if a book be found mutilated or injured on its return.

18. Silence and decorum must be strictly observed in the reading rooms. The use of tobacco, all conversation except necessary questions, begging, circulating petitions, offering articles for sale, or any act that may annoy readers, is forbidden. Dogs must be left outside.

19. For wilful violation of any library rule the director may suspend the offender from all use of the library till the case is considered by the committee.

20. No person, except the director, superintendent of the building, and designated members of the library staff shall have a key to the library, and no key shall be lent for any purpose whatever.

Adopted April 9, 1890.

STATE MUSEUM.

[A DEPARTMENT OF THE UNIVERSITY OF THE STATE OF NEW YORK, INCLUDING THE WORK OF STATE GEOLOGIST, PALEONTOLOGIST, ECONOMIC GEOLOGIST, BOTANIST, ENTOMOLOGIST AND ZOOLOGIST, TOGETHER WITH ANY OTHER SCIENTIFIC INTERESTS OF THE UNIVERSITY.]

The State Museum originated in the law of 1836 (chap. 142), directing the State Geological Survey to collect specimens to be deposited in the State Library. In 1845 it was placed under the Regents of the University. In 1870 the name was changed from State Cabinet to State Museum of Natural History. In 1883 the State Hall was assigned to the Museum, to be occupied as fast as vacated by the State officers. In 1899 the State Museum, as well as the State Library, was made an integral part of the University, and the fifth floor of the New Capitol was formally assigned for its use. Till the completion of the new quarters, most of the Museum remains in Geological Hall on State street, the rest in State Hall. The State Geologist, Paleontologist and Botanist have their offices in State Hall, the Assistant State Geologist (who is Assistant Director) and the Assistant Zoologist in Geological Hall, and the Entomologist on the

fourth floor of the Capitol. The museum is constantly increased by gifts and by annual grants from the legislature. It is open to the public from 9 A. M. till 5 P. M. daily, except Sundays, including Saturday afternoons and all other holidays.

Staff of the Commander-in-Chief.

The staff of the Commander-in-Chief consists of one Adjutant-General with the rank of Major-General, who shall be Chief of Staff; one Inspector-General; one Commissary-General, who shall be Chief of Ordnance; one Judge-Advocate-General, who shall be a counselor at law of the Supreme Court, of at least five years' standing; one Surgeon-General, who shall be a graduate of some incorporated school of medicine and of at least five years' practice; one Chief of Engineers, who shall have been educated as an engineer; one Chief of Artillery; one Quartermaster-General; one Paymaster-General; one Commissary-General of Subsistence; one General Inspector of Rifle Practice, each with the rank of Brigadier-General; six Aides-de-Camp, each with the rank of Colonel, and one Military Secretary with the rank of Colonel.

These officers are appointed directly by the Governor (except the Chief of Ordnance), and their commissions expire with the term for which the Governor appointing them is elected. The Chief of Ordnance is confirmed by the Senate on nomination of the Governor, his term of office being two years.

The Adjutant-General, Inspector-General, Chief of Ordnance and General Inspector of Rifle Practice are constantly on duty, as well as their chief assistants, who rank as Colonel.

Everything relating to the effective state of the troops to formation, instruction and discipline, falls within the department over which the Adjutant-General presides. He is the regular channel of communication with the Commander-in-Chief, and all orders, special instructions and general regulations issued by the Commander-in-Chief, are prepared and published by the Adjutant-General.

By an act passed April 16, 1827, the Adjutant-General was directed to prepare a seal to be used on military commissions, certificates, or other official documents, and all copies of records or papers in his office, duly certified under the said seal, are made evidence in all cases, the same as if the originals are produced.

The Inspector-General is charged with the constant inspection of all branches of the military service.

The Chief of Ordnance has charge of the purchase, sale, preservation, return and issue of military property, the care of all arsenals and armories, and the issue of ammunition for rifle practice, etc.

The General Inspector of Rifle Practice has charge of the rifle practice of the National Guard throughout the State, and, under the direction of the Commander-in-Chief, prescribes the manner in which it shall be performed. He reports to general headquarters the improvement in marksmanship, together with other matters appertaining to his duties.

The Judge-Advocate-General is the legal adviser of the several staff departments upon all legal questions which arise therein, and much of his time is employed in the review of court-martial proceedings, of appeals, and disputed points of military law and regulations.

In case of war, insurrection, rebellion, or imminent danger thereof, when the militia, forces or volunteers of the State of New York, or any part thereof, shall be in the actual service of the State, or in the service of the United States, the Staff of the Commander-in-Chief may be paid such reasonable and just compensation, not exceeding the full pay and allowances of officers of the same rank in the army of the United States, as the Commander-in-Chief may deem proper; together with their necessary expenses.
